Categories: Adult Patient Care

Product Description

In the tradition of Life/form® products, the Hemodialysis Practice Arm features the realistic appearance and performance necessary to provide ideal practice for trainees or patients. This valuable training aid is easy to set up and use to demonstrate preparing the patient's arm for hemodialysis. An established fistula is accessible and the system can be pressurized with artificial blood so that there is an actual flashback when a needle is introduced. The artificial blood approximates the pale shades usually common in dialysis patients. Easily maintained, this simulator is designed with replaceable skin and vascular system. Complete with one pint Life/form® venous blood, one pint Life/form® arterial blood, tubing sealant, two fluid supply bags, instruction booklet, and carrying case.

Life/form® Hemodialysis Practice Arm (Nasco Healthcare) for Dialysis Access

Training in India

In the tradition of Life/form® products, the Hemodialysis Practice Arm (Item No. LF01037U, Brand: Nasco Healthcare, USA) features the realistic appearance and performance necessary to provide ideal practice for trainees or patients.

This valuable training aid is easy to set up and use to demonstrate preparing the patient's arm for hemodialysis. An established fistula is accessible, and the system can be pressurized with artificial blood so trainees get an actual flashback when a needle is introduced. The artificial blood approximates the pale shades usually common in dialysis patients. Easily maintained, this simulator is designed with replaceable skin and vascular system.

Specifications: Weight 5.825 kg. Dimensions 76.2 x 33 x 12.7 cm. Brand: Nasco Healthcare, USA.

Why Buy from SEM Trainers? SEM Trainers & Systems is an authorized distributor of Nasco Healthcare products in India with over 30 years of experience supplying dialysis and vascular access training equipment to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.

FAQ Q: How does the fistula access simulation work? A: The system is pressurized with artificial blood so trainees get a genuine flashback when a needle is introduced into the accessible established fistula.

Q: What's included in the kit? A: One pint each of venous and arterial artificial blood, tubing sealant, two fluid supply bags, instruction booklet, and carrying case.

Q: How do I order from SEM Trainers? A: Contact sem@semtrainers.com or call +91-88495 63724 for pricing and availability.
