SKU:

Categories: Adult Patient Care

Product Description

The Gallbladder Kit to study and identify gallbladder pathologies! Learn about the gallbladder and surrounding organs in a detailed relief anatomical model. Study the inner anatomy of the biliary system with problems including tissue inflammation and gallstones in commonly found locations. Get hands-on experience using a real ultrasound to identify various gallbladder pathologies on a simulator with the

feel of actual soft tissue. Great for an in-depth training on the gallbladder!
Includes:

- P122 Sonotrain Gallbladder Model
- K26 Gallstone Model
- VE315 Liver, Gallbladder, Pancreas, and Duodenum Model

Gallbladder Kit (8000884 [3011910])

The Gallbladder Kit (Item No. 8000884 [3011910]) by 3B Scientific lets students study and identify gallbladder pathologies, learning about the gallbladder and surrounding organs through a detailed relief anatomical model.

Study the biliary system's inner anatomy. Trainees can study problems including tissue inflammation and gallstones in their commonly found locations, connecting anatomical structure to the pathology students will encounter clinically.

Real hands-on ultrasound practice. Get hands-on experience using a real ultrasound to identify various gallbladder pathologies on a simulator with the feel of actual soft tissue — ideal for in-depth gallbladder training.

Comes complete with: the P122 Sonotrain Gallbladder Model, the K26 Gallstone Model, and the VE315 Liver, Gallbladder, Pancreas, and Duodenum Model.

Why Buy from SEM Trainers? SEM Trainers & Systems is an authorised distributor of 3B Scientific products in India with over 30 years of experience supplying medical education resources to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.

Frequently Asked Questions

Q: Can this kit be used with real ultrasound equipment? A: Yes — the Sonotrain model has the feel of actual soft tissue, allowing hands-on ultrasound identification practice.

Q: What's included? A: The P122 Sonotrain Gallbladder Model, K26 Gallstone Model, and VE315 Liver, Gallbladder, Pancreas, and Duodenum Model.
