SKU:

Categories: Neonatal Patient Care

Product Description

This cute baby-doll is ideal for training the main principals of baby care at school and in preparation courses for young parents. It allows dressing, undressing, washing, changing diapers, and many other procedures. Due to the realistic size of a newborn infant you can use ordinary baby clothes. Limbs, head and waist are flexible so that you can also practice baby gymnastics and physiotherapy exercises. Unisex, with male clothes. Latex free.

Physio Baby, with Male Clothes (1005094 [W17006])

The Physio Baby, with Male Clothes (Item No. 1005094 [W17006], 1.28 kg, 48 cm, MPN 60686) is a realistic baby-doll ideal for teaching the main principles of baby care in schools and in preparation courses for expecting and new parents.

Practice the full range of everyday baby care. The doll allows dressing, undressing, washing, changing diapers, and many other everyday care procedures.

Realistic size means real clothes fit. Built to the realistic size of a newborn infant, ordinary baby clothes can be used directly with the model, adding to the realism of hands-on practice.

Flexible enough for physiotherapy training too. Limbs, head, and waist are all flexible, so trainees can also practice baby gymnastics and physiotherapy exercises, not just basic care routines.

Anatomically neutral, supplied dressed in male clothing. The doll itself is unisex, with this version supplied dressed in male clothes. Latex-free.

Why Buy from SEM Trainers? SEM Trainers & Systems has over 30 years of experience supplying medical education resources to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.

Frequently Asked Questions

Q: What procedures can be practiced with this doll? A: Dressing, undressing, washing, diaper changing, and other everyday baby care routines, plus baby gymnastics and physiotherapy exercises thanks to the flexible limbs, head, and waist.

Q: Can ordinary baby clothes be used with it? A: Yes — the doll is built to realistic newborn size, so standard baby clothes fit directly.
