Bandaging Simulator with Ostomy

Item No. LF00929U

Weight 8.9kg

Dimensions 84 cm

Make: Nasco Healthcare, USA

[Read More](#)

SKU:

Categories:Ostomy Care

Product Description

This simulator consists of a female torso with flexible, lifelike skin which realistically responds to adhesives and all types of bandaging procedures. 14 different wounds allow one to practice wound management techniques, cleaning and bandaging techniques just like on a real patient. Wound

closures feature surgical staples and sutures which cannot be removed. The simulator is supplied in a carrying case and features the following wounds: • Thyroidectomy • Mid-sternal split with chest tube drains (surgical staples) • Mastectomy with simulated drain • Cholecystectomy with simulated T-tube • Laparotomy (surgical staples) • Appendectomy • Colostomy • Ileostomy • Abdominal hysterectomy (surgical staples) • Thoractomy (surgical staples) • Nephrectomy (surgical staples) • Laminectomy • Sacral decubitus ulcer (stage II) • Leg amputation stump (surgical staples)

Bandaging Simulator with Ostomy (LF00929U)

The Bandaging Simulator with Ostomy (Item No. LF00929U, 8.9 kg) by Nasco Healthcare, USA is a female torso with flexible, lifelike skin that realistically responds to adhesives and all types of bandaging procedures.

Fourteen different wounds for comprehensive practice. Students can practice wound management, cleaning, and bandaging techniques on realistic presentations including thyroidectomy; mid-sternal split with chest tube drains (surgical staples); mastectomy with simulated drain; cholecystectomy with simulated T-tube; laparotomy (surgical staples); appendectomy; colostomy; ileostomy; abdominal hysterectomy (surgical staples); thoracotomy (surgical staples); nephrectomy (surgical staples); laminectomy; sacral decubitus ulcer (stage II); and a leg amputation stump (surgical staples).

Realistic wound closures, just like a real patient. Wound closures feature surgical staples and sutures which cannot be removed, giving trainees an authentic hands-on experience rather than a simplified mock-up.

Comes ready for classroom use, supplied in a carrying case, with a downloadable instruction manual available.

Why Buy from SEM Trainers? SEM Trainers & Systems is an authorised distributor of Nasco Healthcare products in India with over 30 years of experience supplying medical education resources to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.

Frequently Asked Questions

Q: How many wound types are included? A: Fourteen, ranging from thyroidectomy and mastectomy to colostomy, ileostomy, and a leg amputation stump.

Q: Can the wound closures be removed and redone? A: No — the surgical staples and sutures used for wound closure are fixed and cannot be removed, for a more realistic training experience.

Q: What's included? A: The bandaging simulator, supplied in a carrying case, with a downloadable

instruction manual.
