Supplied with: Full-Body Infant Manikin, 3 Simulated Rectal Suppositories, Manikin Lubricant, Baby Pants, Simulated Blood, Carry Case, Directions for Use.

Nurse Training Baby, New Born (1000505 [P30])

The Nurse Training Baby, New Born (Item No. 1000505 [P30], 2.5 kg, 52 cm) by 3B Scientific is an advanced and incredibly realistic newborn model with male and female features, built for practicing both basic and medical infant care.

Realistic internal anatomy for genuine hands-on practice. Includes internal organs (heart, lung, intestine system, stomach, and bladder), a removable belly covering, interchangeable genital organs, soft ears, and a fully movable head, arms, and legs.

A comprehensive set of infant care procedures, including tracheotomy care, male and female catheterization, insertion of a tube into the mouth or nose, enema insertion, femoral and gluteal

intramuscular and subcutaneous injections, and palpation of fontanelles.

Comes ready for training, with accessories including a syringe, suction catheter, feeding tube, urinary catheter, urine collection bag, catheter lubricant, and carrying bag.

Part of a broader pediatric/nursing manikin family. This newborn model sits alongside SEM Trainers' 1-year-old Mike® and Michelle® Pediatric Care Simulator, newborn Susie Simon® Nursing Care Simulator, and 5-year-old Multipurpose Patient Care and Nursing Care Patient Simulators — each supporting a different age range and procedure set.

Why Buy from SEM Trainers? SEM Trainers & Systems is an authorised distributor of 3B Scientific products in India with over 30 years of experience supplying medical education resources to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.
