Life/form® Infant Ostomy Trainer

Item No. LF00905U
Weight 0.91kg
Make: Nasco Healthcare, USA

[Read More](#)**SKU:****Categories:**Ostomy Care

Product Description

Caring for a baby with an ostomy may feel overwhelming. The Life/form® Infant Ostomy Trainer has been created to educate caregivers and parents on how to give special care to an infant with a stoma. This trainer will help by teaching step-by-step procedures for cleaning and caring for a baby's stoma and changing the pouching system. The anatomy of the colostomies were carefully reproduced to provide lifelike appearance and functions. A soft, pliable material is used for the stomas in order to achieve the most realistic tactile sensation. The syringes included are used to inject simulated stool through ports to the colostomy sites. Consistency of the simulated stool can be thinned by adding water. The colostomy sites can also be irrigated. The simulated stool may be reused. Trainer comes complete with one ostomy bag, a glove, two 3 cc syringes, 1 oz. jar of stool, 1 oz. jar of lubricant, wash

bottle for irrigation, instruction manual, and a storage box.

Life/form® Infant Ostomy Trainer (LF00905U)

Caring for a baby with an ostomy may feel overwhelming. The Life/form® Infant Ostomy Trainer (Item No. LF00905U, 0.91 kg) by Nasco Healthcare, USA was created to educate caregivers and parents on how to give special care to an infant with a stoma, teaching step-by-step procedures for cleaning and caring for a baby's stoma and changing the pouching system.

Realistic anatomy and materials. The anatomy of the colostomies was carefully reproduced to provide a lifelike appearance and function, with a soft, pliable material used for the stomas to achieve the most realistic tactile sensation.

Practice the full care routine, start to finish. Included syringes inject simulated stool through ports to the colostomy sites, and the consistency can be thinned by adding water for realistic practice. The colostomy sites can also be irrigated, and the simulated stool may be reused across multiple training sessions.

A complete kit, ready for caregiver education. Comes complete with one ostomy bag, a glove, two 3cc syringes, a 1oz jar of stool, a 1oz jar of lubricant, a wash bottle for irrigation, an instruction manual, and a storage box.

Why Buy from SEM Trainers? SEM Trainers & Systems is an authorised distributor of Nasco Healthcare products in India with over 30 years of experience supplying medical education resources to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.

Frequently Asked Questions
