SKU:

Categories: Moulage and Wound Simulation

Product Description

This casualty simulation kit is especially suitable for use in the creation a disaster scenario where application of makeup on multiple casualties creates the widest range of wounds. This kit contains specialty wounds associated with gunshots, like perforations, major avulsions, complex jaw wounds and also a large supply of makeup components. The medical emergency simulation kit is supplied in a storage case and includes: Bleeding wounds (complete with reservoir bags with pump assembly): • 2 compound fractures of humerus • 2 compound fractures of tibia Non bleeding wounds: • 60 assorted stick-on lacerations and open fracture wounds Makeup Accessories: • 1 Makeup palette • 1 scissors • 1 mirror • 1 measuring cup • 2 atomizer mist sprayer • 2 casualty simulation wax • 2 bottles coagulant Makeup blood • 3 pkg. blood powder, each for 4.5 liter simulated blood • 2 pkg. broken Plexiglas® for simulating glass embedded wound • 2 fake dirt • 2 each Makeup Liners: red, blue, brown, white, yellow, black and flesh • 2 plasticine modeling paste: white and dark • 1 glycerine for simulating perspiration • 1

cold cream • 1 mineral oil • 1 charcoal • 3 latex compound to simulate scars • 2 petroleum jelly • 2 pressure sensitive tape • 1 pkg. methyl cellulose for blood thickening • 2 body adhesive for stick-on wounds • 6 spatulas • 6 tongue depressors • 10 cotton balls • 10 cotton applicators/swab sticks • 1 pkg. of tissues • 6 Makeup sponges

Advanced Military Casualty Simulation Kit (Nasco Healthcare) for Mass-Casualty Moulage Training in India

The Advanced Military Casualty Simulation Kit (Item No. 800-819U, Brand: Nasco Healthcare, USA) is built for large-scale disaster scenario training, where makeup is applied across multiple casualties to create the widest possible range of wound presentations. The kit includes specialty gunshot-related wounds — perforations, major avulsions, and complex jaw wounds — along with a substantial supply of makeup components for extended, high-volume training exercises.

Bleeding wounds (each with reservoir bags and pump assembly): two compound fractures of the humerus and two compound fractures of the tibia.

Non-bleeding wounds: 60 assorted stick-on lacerations and open fracture wounds — enough for training across a large group of simulated casualties.

Makeup and accessories: a makeup palette, scissors, mirror, measuring cup, two atomizer mist sprayers, casualty simulation wax, coagulant makeup blood, blood powder (enough for 13.5 liters of simulated blood across three packets), broken Plexiglas for glass-embedded wounds, fake dirt, makeup liners in seven colors, plasticine modeling paste, glycerine for simulating perspiration, cold cream, mineral oil, charcoal, latex compound for scars, petroleum jelly, pressure-sensitive tape, methyl cellulose for blood thickening, body adhesive, spatulas, tongue depressors, cotton balls and applicators, tissues, and makeup sponges.

This extensive kit brings a heightened sense of realism to large-scale medical emergency and mass-casualty training exercises.

Specifications: Dimensions 41 x 33 x 56 cm. Weight 9.151 kg. Brand: Nasco Healthcare, USA.

Why Buy from SEM Trainers? SEM Trainers & Systems is an authorized distributor of Nasco Healthcare products in India with over 30 years of experience supplying moulage and wound simulation equipment to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.

FAQ Q: How is this different from the standard Advanced Casualty Simulation Kit? **A:** This military-focused version includes gunshot-specific wounds (perforations, avulsions, jaw wounds), significantly

more non-bleeding wounds (60 vs. 24), and a much larger makeup supply, designed for large-scale disaster and mass-casualty training scenarios.

Q: What wounds are included? A: Two compound fractures of the humerus and two of the tibia with bleeding simulation, plus 60 assorted non-bleeding stick-on lacerations and open fracture wounds.

Q: How do I order from SEM Trainers? A: Contact sem@semtrainers.com or call +91-88495 63724 for pricing and availability.

With details like simulated blood this casualty simulation kit brings a sense of reality to medical emergency training sessions.
