Product Description

This extensive Chart Display Stand includes 1 set (73) of highly detailed anatomical charts. All charts are in English and printed on premium glossy (200 g) UV resistant paper and comes with 2 sided lamination (75 micron). Charts are a convenient poster size of 50 x 67 cm (20x26") and can be written on and wiped off with non permanent markers. The 125 micron lamination ensures the charts do not curl up at the edges and the UV treatment ensures the charts do not get a faded yellow color over time.

- Human Skeleton Chart
