Categories: Parasitic, Parasitic, Viral or Bacterial Infection

Product Description

There are many different parasites that come very varied sources. This colorful poster illustrates several intestinal parasites in graphic detail. The oversized chart displays the anatomy of four parasites at both the adult and larvae stage as well as were the parasite lives within the human body. The anatomical chart of intestinal parasites is delivered without wooden rods.

Why Choose the Intestinal Parasites II Chart for Your Health Education Program in India?

This oversized anatomical chart (Item No. 4006532 [V2028U], 0.2 kg, 84×118 cm, Brand: 3B Scientific) illustrates four different intestinal parasites in graphic detail, showing each parasite at both the adult and larval stage, alongside where it lives within the human body — a genuinely more detailed life-cycle view than a single-stage illustration.

At the larger 84×118cm oversized format, this colorful poster is well suited to lecture halls or large classrooms where visibility from a distance matters — pairing naturally with our Intestinal Parasites I Chart for a complete parasitology teaching set.

Please note: this chart is delivered **without wooden rods** — mounting hardware will need to be sourced separately if wall-mounting with rods is required.

Specifications: 84×118 cm (oversized format).

Why Buy from SEM Trainers? SEM Trainers & Systems is an authorized distributor of 3B Scientific products in India with over 30 years of experience supplying medical education equipment to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.
