Product Description

This colorful anatomical chart covers the anatomy, pathology, and self-examination of the human female breast. The anatomy of breast pathology is shown along with useful information about different types of breast lumps that can occur. The self-examination illustrations are accompanied with detailed written instructions. This anatomy chart is a great teaching tool! Printed on premium glossy (200g) paper. The poster comes in a convenient Poster size 50x67cm (20x26").
