SKU:

Categories:The Lymphatic System

Product Description

This colorful anatomical chart details the human lymphatic system. The lymphatic system is shown in the context of the rest of the organs and every important part is labeled for easy study. The detailed anatomy of an individual lymph node is also illustrated on the poster. The lymphatic system chart is a great addition to any classroom or doctor's office. This thickly laminated anatomical chart is printed on premium glossy (200 g) UV resistant paper and comes with 2 sided lamination (75 micron). It comes in a convenient poster size 50 x 67 cm (20x26") and can be written on and wiped off with non permanent markers. The 75 micron lamination ensures the chart does not curl up at the edges and the UV

treatment ensures the chart does not get a faded yellow color over time.

Lymphatic System Chart (VR1392L) — Whole-System View with Individual Lymph Node Detail

The Lymphatic System Chart (Item No. 1001540 [VR1392L], 0.15 kg) by 3B Scientific, Germany is a colorful anatomical chart detailing the human lymphatic system, shown in the context of the rest of the organs with every important part clearly labeled for easy study.

Two levels of detail in one chart. Alongside the whole-body view showing how the lymphatic system relates to surrounding organs, the poster also illustrates the detailed anatomy of an individual lymph node — giving students both the systemic overview and the structural close-up in a single resource.

Durable, dry-erase-ready construction. This thickly laminated chart is printed on premium glossy 200g UV-resistant paper with two-sided 75-micron lamination, letting it be written on and wiped off with non-permanent markers for interactive teaching sessions.

Built to last without fading or curling. The 75-micron lamination keeps the chart from curling at the edges over time, while the UV treatment prevents it from developing a faded yellow tint.

Size: 50 × 67 cm (20 × 26").

Why Buy from SEM Trainers? SEM Trainers & Systems is an authorised distributor of 3B Scientific products in India with over 30 years of experience supplying medical education resources to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.

Frequently Asked Questions

Q: What does this chart cover? A: The full lymphatic system in relation to surrounding organs, plus a detailed close-up of individual lymph node anatomy.

Q: Can this chart be written on? A: Yes — thanks to its two-sided 75-micron lamination, it can be written on and wiped off with non-permanent markers.

Q: Will it fade or curl over time? A: No — UV-resistant printing prevents fading, and the lamination keeps the edges from curling.
