Categories:Teeth

Product Description

This anatomical chart explores healthy human dentition from several angles. On this chart, the interior anatomy of an adult tooth is shown in cross section with full anatomical detail, including roots and vessels. This colorful oversized poster makes study the anatomy of the human teeth easy. This healthy denture chart is delivered without wooden rods.

Healthy Denture Chart (V2016U) — Oversized Tooth Anatomy Poster

The Healthy Denture Chart (Item No. 4006524 [V2016U], 0.2 kg) by 3B Scientific, Germany explores healthy human dentition from several angles on an oversized 84 × 118 cm colorful poster.

Full cross-sectional detail of a single tooth. The chart shows the interior anatomy of an adult tooth

in cross section with full anatomical detail, including roots and vessels — giving students a clear internal view alongside the broader dentition overview.

Built for maximum classroom visibility. At significantly larger than standard chart size, this oversized poster makes studying the anatomy of human teeth easy, even from the back of a larger classroom or lecture hall.

Please note: the chart is delivered without wooden rods — institutions wanting a mounted, ready-to-hang display should budget for rods or a frame separately.

Why Buy from SEM Trainers? SEM Trainers & Systems is an authorised distributor of 3B Scientific products in India with over 30 years of experience supplying medical education resources to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.

Frequently Asked Questions

Q: What does this chart show? A: Healthy human dentition from several angles, including a cross-sectional view of an adult tooth showing roots and vessels in full detail.

Q: Does it come with mounting rods? A: No — the chart is delivered without wooden rods; these can be sourced separately if a mounted display is needed.

Q: Does this pair with other dental teaching materials? A: Yes — it complements the companion Teeth Chart for a fuller dental anatomy teaching collection.
