Product Description

This colorful anatomical chart illustrates the human speech organs. All important details of the speech organs anatomy are present in this chart. This speech organs anatomical chart is delivered without wooden rods.

Speech Organs Chart (V2007U) — Oversized Speech Anatomy Poster

The Speech Organs Chart (Item No. 4006518 [V2007U], 0.2 kg) by 3B Scientific, Germany illustrates the human speech organs in full colorful detail on an oversized 84 × 118 cm chart, with all important details of speech organ anatomy clearly presented.

Built for maximum classroom visibility. At significantly larger than the standard 50×67cm chart size,

this oversized poster is well suited for speech-language pathology, ENT, and phonetics classrooms where visibility from a distance matters.

Please note: the chart is delivered without wooden rods — institutions wanting a mounted, ready-to-hang display should budget for rods or a frame separately.

Why Buy from SEM Trainers? SEM Trainers & Systems is an authorised distributor of 3B Scientific products in India with over 30 years of experience supplying medical education resources to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.

Frequently Asked Questions

Q: What size is this chart? A: 84 × 118 cm — significantly larger than the standard 50×67cm anatomy chart.

Q: Does it come with mounting rods? A: No — the chart is delivered without wooden rods; these can be sourced separately if a mounted display is needed.

Q: Does this pair with other related teaching materials? A: Yes — it complements the companion Larynx Chart for a fuller speech and voice anatomy teaching collection.
