Categories:Skin

Product Description

This oversized anatomical chart shows the human skin in great detail. The poster illustrates the microanatomy of the skin in such a colorful and large format that it is easy to understand and study. All the important features of the human skin are shown in realistic detail on the poster. The skin chart is delivered without wooden rods. The chart is perfect for a classroom or dermatologist's office.

The Skin Chart, Oversized (V2023U) — Large-Format Skin Anatomy Poster

The Skin Chart, Oversized (Item No. 4006530 [V2023U], 0.2 kg) by 3B Scientific, Germany shows the human skin in great detail on a colorful, oversized 84 × 118 cm anatomical chart. The poster illustrates the microanatomy of the skin at a scale that's easy to understand and study, with all the important features of human skin shown in realistic detail.

Built for maximum classroom visibility. At significantly larger than standard chart size, this oversized poster is perfect for a classroom or dermatologist's office where visibility from a distance matters.

Please note: the chart is delivered without wooden rods — institutions wanting a mounted, ready-to-hang display should budget for rods or a frame separately.

Why Buy from SEM Trainers? SEM Trainers & Systems is an authorised distributor of 3B Scientific products in India with over 30 years of experience supplying medical education resources to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.

Frequently Asked Questions

Q: What size is this chart? A: 84 × 118 cm — significantly larger than the standard 50×67cm anatomy chart.

Q: Does it come with mounting rods? A: No — the chart is delivered without wooden rods; these can be sourced separately if a mounted display is needed.

Q: Does this pair with other skin-related teaching materials? A: Yes — it complements the companion Decubitus Ulcers Chart for a fuller skin condition teaching collection.
