Product Description

Our popular, high-quality A4 notepad; diagram of the key body and ear points; multicoloured; improved

patient documentation; 50 pages German language

Why Choose the 3B Scientific Meridian Notepad for Your Institution in India?

The Meridian Notepad (Item No. 1002440) by 3B Scientific, Germany is a high-quality A4 (30 × 21 × 0.5 cm, 0.357 kg) multicoloured clinical documentation notepad featuring printed diagrams of key body acupuncture points and ear acupuncture points on each page — designed for improved patient documentation in acupuncture and traditional Chinese medicine practice. The 50-page pad provides a printed body and ear point diagram on each sheet that practitioners can annotate to record needle placement, treatment response, and session notes directly on a visual reference map — a significant improvement over plain notepad documentation where point locations must be described in text.

Important note for buyers in India: The current edition of this notepad is in the **German language**. Confirm with SEM Trainers before ordering whether an English-language edition is available or anticipated. The multicoloured diagrams of body and ear acupuncture points are visual and usable regardless of language, but the text fields and section headings are in German.

The companion wall charts from the same 3B Scientific acupuncture range — Body Acupuncture Chart (VR1820UU), Ear Acupuncture Chart (VR1821UU), and Foot Reflex Zone Massage Chart (VR1810UU) — are available in English and are suitable for teaching and clinical reference use without language restriction.

Why Buy from SEM Trainers? SEM Trainers & Systems is an authorized distributor of 3B Scientific products in India with over 30 years of experience supplying anatomical models, charts, and medical education resources to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.
