Product Description

This colorful chart illustrates all the important zones for foot reflexology. Every part is clearly labeled for reflex zone massage on this chart. This anatomy poster is a great teaching tool or reference point. Printed on premium glossy (200g) paper. Convenient Poster size 50x67cm (20x26").

Why Choose the 3B Scientific Foot Reflex Zone Massage Chart for Your Institution in India?

The Foot Reflex Zone Massage Chart (Item No. 4006729 / VR1810UU, ISBN: 978-3-82-940487-7) by 3B Scientific, Germany is a 50 × 67 cm (20 × 26") colourful anatomical poster printed on premium glossy 200g paper — illustrating all the important reflex zones of the feet for reflexology massage, with every zone and region clearly labelled for quick identification during teaching, training, or clinical practice. For physiotherapy colleges, AYUSH training institutes, naturopathy and integrative medicine

programmes, and wellness education centres in India where foot reflexology is a taught competency, this chart provides a comprehensive large-format reference map of the complete plantar and dorsal foot reflex zone system.

Foot reflexology maps specific zones on the soles, sides, and tops of the feet to corresponding organs, systems, and body regions — a distinct zone mapping system that requires a dedicated reference chart separate from body acupuncture point maps. The 50 × 67 cm format is appropriately scaled for a foot-specific chart: the plantar surface detail is rendered with the resolution needed to clearly distinguish zones for all major organ systems, while remaining compact enough for treatment room or teaching room wall mounting alongside the Body Acupuncture Chart (VR1820UU) and Ear Acupuncture Chart (VR1821UU). The premium 200g glossy paper provides the colour quality needed to distinguish the multiple colour-coded reflex zones across the anatomical foot map and the durability for sustained wall mounting in a clinical or teaching environment.

Why Buy from SEM Trainers? SEM Trainers & Systems is an authorized distributor of 3B Scientific products in India with over 30 years of experience supplying anatomical models, charts, and medical education resources to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.

Q: What size is this chart? A: 50 × 67 cm (20 × 26 inches) — the same compact format as the Ear Acupuncture Chart, suitable for treatment room or teaching room wall mounting.

Q: What paper quality is used? A: Premium glossy 200g paper for high-quality colour reproduction of zone maps and durability for sustained wall display.

Q: Are companion charts available? A: Yes — the Body Acupuncture Chart (VR1820UU, 98 × 68 cm) and Ear Acupuncture Chart (VR1821UU, 50 × 67 cm) complete the 3B Scientific acupuncture chart set available from SEM Trainers.
