Product Description

Whiplash and other acceleration spinal injuries are described in this colorful poster. The anatomy of injury to the spine as well as symptoms and treatment for injury are presented in this anatomical chart. This chart is printed on premium glossy (200g) paper. Convenient Poster size 50x67cm (20x26").

Acceleration Injury to the Cervical Spine Chart (VR1761UU)

The Acceleration Injury to the Cervical Spine Chart (Item No. 4006724 [VR1761UU], 0.075 kg) by 3B Scientific, Germany describes whiplash and other acceleration spinal injuries in a colorful anatomical poster.

Clinically complete, not just descriptive. The anatomy of injury to the spine is presented alongside symptoms and treatment for the injury — giving a full clinical picture rather than an anatomy-only overview, useful for orthopedic, physiotherapy, and chiropractic teaching.

Built for classroom and clinic durability. Printed on premium glossy 200g paper at a convenient 50 × 67 cm (20 × 26") poster size.

Why Buy from SEM Trainers? SEM Trainers & Systems is an authorised distributor of 3B Scientific products in India with over 30 years of experience supplying medical education resources to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.

Frequently Asked Questions

Q: What does this chart cover? A: The anatomy of whiplash and other acceleration spinal injuries, along with associated symptoms and treatment.

Q: What size is the chart? A: 50 × 67 cm (20 × 26"), printed on premium glossy 200g paper.

Q: Does this pair with other spine-related teaching materials? A: Yes — it complements the companion Spinal Column Chart for a fuller spine anatomy and injury teaching collection.
