Product Description

The structure of the human bone has many layers. The anatomy of the bone is shown in cross section on this oversized anatomical chart. The microanatomy of the bone is also shown in the colorful illustrations on this poster. The bone structure chart is delivered without wooden rods.

Bone Structure Chart (V2050U) — Oversized Bone Anatomy Poster

The Bone Structure Chart (Item No. 4006549 [V2050U], 0.2 kg) by 3B Scientific, Germany shows the many layers of human bone structure in full color on an oversized 84 × 118 cm anatomical chart.

Cross-section plus microanatomy in one view. The anatomy of the bone is shown in cross section, with the microanatomy of the bone also illustrated in colorful detail — giving students both the macro

structural view and the finer cellular-level detail on a single poster.

Built for maximum classroom visibility. At significantly larger than standard chart size, this oversized poster is well suited for orthopedic, physiotherapy, and general anatomy classrooms where visibility from a distance matters.

Please note: the chart is delivered without wooden rods — institutions wanting a mounted, ready-to-hang display should budget for rods or a frame separately.

Why Buy from SEM Trainers? SEM Trainers & Systems is an authorised distributor of 3B Scientific products in India with over 30 years of experience supplying medical education resources to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.

Frequently Asked Questions

Q: What does this chart show? A: The layered structure of human bone in cross section, along with its microanatomy, in an oversized, colorful format.

Q: What size is this chart? A: 84 × 118 cm — significantly larger than the standard 50×67cm anatomy chart.

Q: Does it come with mounting rods? A: No — the chart is delivered without wooden rods; these can be sourced separately if a mounted display is needed.
