Product Description

These simulators have been redesigned (old part number 1005599) to be incredibly soft with a realistic feel and touch to enhance the birthing simulation experience. The newly revised three-dimensional simulators provide lifelike simulation of cervical examination prior to birth. Every effort has been made to provide exceptional realism so that the visual and tactile sensations experienced provide a positive transition to patient procedures. The set consists of six separate pelvic blocks. The external appearance of all six blocks is identical, with the variations being in the internal structure. The internal texture, tissue density, and correct anatomical size are all carefully represented to provide the most realistic condition possible. The simulators depict six different cervical conditions prior to birth. Each is clearly identified on the back side to indicate which condition exists internally. Students will gain a tactile understanding of no dilatation, 2 cm, 5 cm, 7 cm, 9 cm, and effacement conditions. Includes six simulation blocks (Stages One through Six), acrylic stand, glove, powder, lubricant, instruction card, and a hard carry case. Why Choose the Cervical Dilatation and Effacement Simulators for Your

Simulation Lab in India? The Cervical Dilatation and Effacement Simulators from Nasco Healthcare is a trusted training tool used across simulation labs in India for hands-on cervical dilatation assessment practice. This simulator helps medical students and healthcare professionals build critical competencies in a safe, controlled environment — fully aligned with NMC's CBME curriculum for obstetrics and gynecology practical training. Who Is This Simulator Ideal For? This product is recommended for obstetrics and gynecology departments, nursing colleges with midwifery programs, and government hospitals mandated to provide EmOC (Emergency Obstetric Care) training. Whether you are setting up a new simulation lab or upgrading your existing facility, the Cervical Dilatation and Effacement Simulators offers an excellent balance of realism, durability, and training value. Why Buy from SEM Trainers? SEM Trainers is a leading supplier of medical manikins and simulators across India. Authorized Nasco Healthcare distributor in India. We provide complete support including pan-India delivery, on-site installation, faculty training workshops, and prompt after-sales maintenance. All our products carry genuine manufacturer warranty and meet ISO 9001 quality standards. Frequently Asked Questions Q: Is the Cervical Dilatation and Effacement Simulators compliant with NMC simulation lab requirements? A: Yes, this simulator supports the skill-based training competencies specified under NMC’s CBME framework for Indian medical and nursing institutions. Q: Does SEM Trainers provide installation and training support? A: Absolutely. We offer on-site installation, hands-on demo sessions, and faculty orientation workshops for every product delivered, anywhere in India. Q: What is the warranty and how do I get support? A: All products come with standard manufacturer warranty. For support, reach us at sem@semtrainers.com or call +91-88495 63724.
