Product Description

Episiotomy suture trainer for realistic obstetric skill training The Episiotomy Suture Training Module P96 will enhance your Birthing Simulator P90 PRO or BASIC with realistic postpartum episiotomy suturing and repair skills trainer inserts. The soft skin will support real sutures and will enable the trainee to gain experience in instrument handling as well as suture techniques and tying knots. With this module, taking care of the following birth injuries can be easily practised and demonstrated:

- Mediolateral left
- Medial or midline
- And much more thanks to the uncut insert

Features:

- Compatible with Birthing Simulator P90 PRO and Basic
- Easy installation of the different inserts and of the module in the Birthing Simulator P90
- Two inserts feature medial episiotomy and mediolateral episiotomy with tears in the labia minora
- One insert is uncut and enables the trainee to choose the episiotomy location he wants to train
- Realistic soft skin
- Supports the use of real suture instruments
- Supports real sutures
- Durable reusable skin
- Made of latex-free material

Delivery content:

- 1 module base
- 2 episiotomy suture inserts, pre-cut
- 1 episiotomy suture insert, uncut
- Safety plate with 4 screws (for the optional insert in birth simulator P90)

Episiotomy Suture Training Module for Birthing Simulator P90 (1022212 [P96])

The Episiotomy Suture Training Module (Item No. 1022212 [P96], 0.947 kg) by 3B Scientific enhances your Birthing Simulator P90 PRO or BASIC with realistic postpartum episiotomy suturing and repair skills trainer inserts. The soft skin supports real sutures, enabling trainees to gain experience in instrument handling, suture technique, and knot tying.

Practice the birth injuries you'll actually encounter, including mediolateral left, medial (midline)

episiotomy, and more thanks to the included uncut insert.

Key features:

- Compatible with Birthing Simulator P90 PRO and Basic
- Easy installation of the different inserts and the module itself into the Birthing Simulator P90
- Two inserts feature medial and mediolateral episiotomy with tears in the labia minora
- One uncut insert lets the trainee choose the episiotomy location they want to practice
- Realistic soft skin supporting real suture instruments and real sutures
- Durable, reusable skin made of latex-free material

Comes complete with: 1 module base, 2 pre-cut episiotomy suture inserts, 1 uncut episiotomy suture insert, and a safety plate with 4 screws (for the optional insert in Birth Simulator P90).

Why Buy from SEM Trainers? SEM Trainers & Systems is an authorised distributor of 3B Scientific products in India with over 30 years of experience supplying medical education resources to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.

Frequently Asked Questions

Q: What simulators is this module compatible with? A: The Birthing Simulator P90, both PRO and Basic versions.

Q: Can trainees choose which episiotomy location to practice? A: Yes — the uncut insert allows the trainee to select their own location, alongside the two pre-cut inserts (medial and mediolateral).

Q: Is the skin reusable? A: Yes — it's durable and reusable, supporting real suture instruments.
