**Categories:** Injections and Punctures

## Product Description

Add an injection simulator to the W45055. Features include: • I.V. Injections • Radial and brachial arterial sites The injection arm allows for realistic and repeated practice.

**I.V. Injection Arm — Accessory for Susie® and Simon® Advanced Newborn Care Simulator (W45055)**

This I.V. Injection Arm (Item No. 1005805 [W45063], 0.49 kg, MPN: S408.M) adds injection training capability to the Susie® and Simon® Advanced Newborn Care Simulator, covering I.V. injections along with radial and brachial arterial access sites.

The arm allows for realistic and repeated practice, extending your newborn simulator's training scope to

include vascular access skills alongside the catheterization and enema skills already covered on the base unit.
