SKU:

Categories: Injections and Punctures

Product Description

Add an injection simulator to the W45031, W45047, or W45062 Features of the injection arm include: • I.V. Injections • Soft hand for finger prick practice • Radial and brachial arterial sites This I.V. injection

arm allows for realistic and repeated injection without practicing on a real patient.

I.V. Injection Arm — Accessory for Mike® & Michelle® and Related Pediatric Simulators (W45031, W45047, W45062)

This I.V. Injection Arm (Item No. 1005795 [W45032], 1.26 kg, 81.5 × 20.5 × 20.5 cm, MPN: S110.803.IV.M) adds injection training capability to three compatible base units — W45031, W45047, and the Mike® and Michelle® Pediatric Care Simulator, 1-Year Old (W45062).

Features:

- I.V. injections
- Soft hand for finger prick practice
- Radial and brachial arterial sites

This arm allows realistic, repeated injection practice without needing to practice on a real patient — extending your existing pediatric simulator's training scope to include vascular access skills.

Why Buy from SEM Trainers? SEM Trainers & Systems is an authorized distributor of leading pediatric simulation equipment in India, with over 30 years of experience supplying medical simulators and clinical skills training accessories to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.

Frequently Asked Questions

Q: Which simulators is this compatible with? A: W45031, W45047, and the Mike® and Michelle® Pediatric Care Simulator, 1-Year Old (W45062).

Q: Can this be used for finger prick practice? A: Yes — the soft hand supports finger prick technique in addition to I.V. and arterial access.

Q: How do I order from SEM Trainers? A: Contact us at sem@semtrainers.com or call +91-88495 63724 for pricing and availability.
