Intramuscular Injection Sites Poster

Item No. LF00695
Weight 0.2kg
Make: Nasco Healthcare, USA

[Read More](#)

SKU:

Categories: Injections and Punctures

Product Description

This visual aid was developed specifically for teaching, demonstrating, training, and studying of intramuscular injection site locations. The poster illustrates site landmarks and muscles in the deltoid, dorsogluteal, and vastus lateralis regions. The 18 x 24" poster is laminated and perfect for mounting in a classroom or skills lab. This teaching aid will enhance intramuscular injection skills teaching and training.

Clean, simple, no data conflicts — genuinely different product type (poster, not a physical trainer). One typo to fix.

[Cert] Item No. LF00695, weight 0.2 kg, Make Nasco Healthcare, USA. Typo corrected: "instramuscular" ? intramuscular. [Cert] 18"x24" laminated wall poster illustrating site landmarks and

muscles across the three major IM injection regions — deltoid, dorsogluteal, and vastus lateralis — the same three sites named on the earlier full-torso I.M. Injection Simulator, making this a genuinely useful companion reference for that trainer or any classroom teaching IM injection technique.

DESCRIPTION (copy-paste into WordPress):

Why Choose the Intramuscular Injection Sites Poster for Your Nursing Skills Lab in India?

The Intramuscular Injection Sites Poster (Item No. LF00695, 0.2 kg, Make: Nasco Healthcare, USA) is a visual teaching aid developed specifically for teaching, demonstrating, and studying intramuscular injection site locations. It clearly illustrates site landmarks and muscles across the three major IM injection regions: deltoid, dorsogluteal, and vastus lateralis.

Measuring 18"×24" and laminated for durability, it's designed for permanent mounting in a classroom or skills lab — a practical, low-cost complement to hands-on IM injection trainers, reinforcing anatomical landmark recognition alongside physical practice.

Specifications: 18" × 24", laminated.

Why Buy from SEM Trainers? SEM Trainers & Systems is an authorized distributor of Nasco Healthcare products in India with over 30 years of experience supplying medical simulators and clinical skills training equipment to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.

Frequently Asked Questions

Q: Which injection sites does the poster cover? A: Deltoid, dorsogluteal, and vastus lateralis.

Q: Is the poster suitable for permanent classroom display? A: Yes — it's laminated and designed for mounting in a classroom or skills lab.

Q: How do I order from SEM Trainers? A: Contact us at sem@semtrainers.com or call +91-88495 63724 for pricing and availability.
