SKU:

Categories: Injections and Punctures

Product Description

This Spinal Injection Simulator is a valuable training and teaching aid allowing realistic demonstration and practice of all spinal injections. Spinal injection techniques include spinal anesthesia, spinal tap, epidural analgesia, caudal analgesia, sacral nerve block, and lumbar sympathetic block. Excellent simulation qualities, in addition to an easy-to-change vertebral column and replaceable skin, make this product the very best available. View the Life/form® Spinal Injection Simulator being used to demonstrate a Post Dura Puncture Headache (PDPH) prevention technique at www.go-aps.com/spinal/hatfalvi.mpg, and for more information on PDPH prevention, visit www.prevent-pdph.org. Careful duplication of the anatomy ensures proper resistance in needle puncture and accurate palpation reference points. The replaceable skin can be changed without tools in minutes. The spinal column can be charged with fluid and placed in sitting or lateral positions for injection practice. The L1 and L2 sections of the vertebral column are clearly visible. The functional portion of this injection model includes L3-L5 vertebrae, plus the sacrum and coccyx. Includes a fluid supply bag with connectors, teaching guide, and hard carry case. Fluid supply stand and needle not included. Needle not included. Why Choose the Spinal Injection Simulator for Your Simulation Lab in India? The

Spinal Injection Simulator from 3B Scientific is a trusted training tool used across simulation labs in India for hands-on spinal injection and lumbar puncture practice. This simulator helps medical students and healthcare professionals build critical competencies in a safe, controlled environment — fully aligned with NMC's Competency-Based Medical Education (CBME) guidelines for mandatory clinical skills training. Who Is This Simulator Ideal For? This product is recommended for medical colleges setting up OSCE stations, nursing institutions, and hospitals building clinical skills laboratories as per NMC guidelines. Whether you are setting up a new simulation lab or upgrading your existing facility, the Spinal Injection Simulator offers an excellent balance of realism, durability, and training value. Why Buy from SEM Trainers? SEM Trainers is a leading supplier of medical manikins and simulators across India. Authorized 3B Scientific distributor in India. We provide complete support including pan-India delivery, on-site installation, faculty training workshops, and prompt after-sales maintenance. All our products carry genuine manufacturer warranty and meet ISO 9001 quality standards. Frequently Asked Questions Q: Is the Spinal Injection Simulator compliant with NMC simulation lab requirements? A: Yes, this simulator supports the skill-based training competencies specified under NMC's CBME framework for Indian medical and nursing institutions. Q: Does SEM Trainers provide installation and training support? A: Absolutely. We offer on-site installation, hands-on demo sessions, and faculty orientation workshops for every product delivered, anywhere in India. Q: What is the warranty and how do I get support? A: All products come with standard manufacturer warranty. For support, reach us at sem@semtrainers.com or call +91-88495 63724.
