Categories: Injections and Punctures

Product Description

Use this lifelike hand model to teach injection and blood-draw procedures. Made of realistic, soft BIOLIKE 2™ synthetic tissue, this training model has palpable veins as well as lifelike skin, texture, and flexibility, allowing it to provide a highly realistic training experience. Model can be injected with air or water. Designed to teach students how to perform injection and blood-draw procedures correctly, this BIOLIKE 2™ model features palpable veins and lifelike, durable skin that can be injected repeatedly in the same place with 22–24-gauge hypodermic needles. When the needle is correctly inserted into the vein, air can be drawn into the syringe. The model can be injected with either air or water. An essential

training tool. 4½" x 10".

	Phlebotomy	IM site	Subcutaneous injection	Intravenous bolus injection	Sterile technique	Infusion technique	Suture, incision and hemodialysis site	Pressure squeeze bulb and clenched fist simulation	Simulation of collapsed veins	Replacement skin and veins

Why Choose the I.V. Training Hand for Your Simulation Lab in India? The I.V. Training Hand from 3B Scientific is a trusted training tool used across simulation labs in India for hands-on IV cannulation practice. This simulator helps medical students and healthcare professionals build critical competencies in a safe, controlled environment — fully aligned with NMC's Competency-Based Medical Education (CBME) guidelines for mandatory clinical skills training. Who Is This Simulator Ideal For? This product is recommended for medical colleges setting up OSCE stations, nursing institutions, and hospitals building clinical skills laboratories as per NMC guidelines. Whether you are setting up a new simulation lab or upgrading your existing facility, the I.V. Training Hand offers an excellent balance of realism, durability, and training value. Why Buy from SEM Trainers? SEM Trainers is a leading supplier of medical manikins and simulators across India. Authorized 3B Scientific distributor in India. We provide complete support including pan-India delivery, on-site installation, faculty training workshops, and prompt after-sales maintenance. All our products carry genuine manufacturer warranty and meet ISO 9001 quality standards. Frequently Asked Questions Q: Is the I.V. Training Hand compliant with NMC simulation lab requirements? A: Yes, this simulator supports the skill-based training competencies specified under NMC's CBME framework for Indian medical and nursing institutions. Q: Does SEM Trainers provide installation and training support? A: Absolutely. We offer on-site installation, hands-on demo sessions, and faculty orientation workshops for every product delivered, anywhere in India. Q: What is the warranty and how do I get support? A: All products come with standard manufacturer warranty. For support, reach us at sem@semtrainers.com or call +91-88495 63724.
