SKU:

Categories: Injections and Punctures

Product Description

Practice intradermal, subcutaneous, and intramuscular injections safely and conveniently. The soft, realistic material can be punctured repeatedly without showing needle holes. Injecting with liquids is not recommended. Pad measures 7 in. L x 4 in. W x 2-1/2 in. D.

Why Choose the Life/form® Injection Training Model — Light Skin for Your Nursing Skills Lab in India?

The Life/form® Injection Training Model, light skin (Item No. LF00952, Make: Nasco Healthcare, USA) is a compact, general-purpose pad for practicing three core injection techniques in one trainer: **intradermal, subcutaneous, and intramuscular injections.**

The soft, realistic material can be punctured repeatedly without showing needle holes, making it durable for repeated classroom use across multiple students and sessions.

Note: Injecting with liquids is not recommended — this model is designed for needle placement and technique practice, not fluid delivery.

Specifications:

- Item dimensions: 17.8 x 10 x 6 cm
- Pad size: 7 in. L x 4 in. W x 2½ in. D
