SKU:

Categories: Injections and Punctures

Product Description

Long-lasting and easy to clean replacement skin for the Epidural and Spinal Injection Trainer (P61/1017891).

Why Choose the Nursing Baby, SimPad Capable, for Your In-Hospital Infant Skills Training in India?

Nursing Baby, SimPad capable (Item No. 1005245 [W19571], 6.515 kg, MPN: 365-05050) is a full-body infant manikin designed for scenario-based training in the care and management of in-hospital infant patients, covering auscultation, IV/IO skills, fontanelle assessment, urinary catheterization, and general pediatric patient care.

Important: this manikin requires a SimPad Plus System and LLEAP Software to operate — please confirm you have or are purchasing the compatible control system before ordering.

Trainable skills: Normal, bulging, and depressed fontanelle assessment; bilateral deltoid and thigh intramuscular injection; articulating IV arm and IV leg for cannulation, medication administration, and site care; intraosseous infusion via tibial access (tibial tuberosity and medial malleolus landmarks); gastrostomy tube care and feeding; auscultation of normal and abnormal heart, breath, and bowel sounds; interchangeable genitalia for urinary catheterization with fluid return; rectal temperature simulation and suppository administration.

Product benefits: Pre-programmed scenarios provide standardized training, with real-time instructor control for adapting to individual student needs. Durable, rugged construction built for years of use.

Supplied with: Full-body infant manikin, 3 simulated rectal suppositories, manikin lubricant, baby pants, simulated blood, carry case, directions for use.

Why Buy from SEM Trainers? SEM Trainers & Systems is an authorized distributor of leading pediatric simulation equipment in India, with over 30 years of experience supplying medical simulators and clinical skills training equipment to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.

Frequently Asked Questions

Q: Do I need additional equipment to use this manikin? A: Yes — a SimPad Plus System and LLEAP Software are required for scenario-based operation.

Q: What skills can be trained? A: Auscultation, IV/IO access, fontanelle assessment, urinary catheterization, gastrostomy care, and general pediatric patient care.

Q: How do I order from SEM Trainers? A: Contact us at sem@semtrainers.com or call +91-88495 63724 for pricing, availability, and SimPad system compatibility.
