**SKU:**

**Categories:** Injections and Punctures

## Product Description

A new and improved evolution of the sophisticated Life/form® Venipuncture and Injection Arm with complete venous access. This trainer simulates a complete full size adult male arm. Build critical skills for when it counts.

- Upgraded with soft, lifelike skin feel that is long-lasting and durable.
- Narrowed floating vein site.
- Intramuscular and intradermal injections.
- Blood drawing and intravenous infusion.
- Primary vein, secondary vein, and IV access.
- Non-visible/non-palpable vein access.
- Rolling, disappearing, and difficult vein access simulation.

### Complete venous access: Hand veins

- Dorsal metacarpal veins
- Dorsal Intercapitular veins
- Branch of cephalic vein of thumb

### Arm veins

- Basilic vein
- Cephalic vein
- Median cephalic vein
- Median basilic vein
- Median cubital vein
- Median antebrachial vein
- Accessory cephalic vein

### Accessories included

- cc syringe with needle (for training purposes only and do not meet standards for use on actual patients)
- 12 cc syringe with needle (for training purposes only and do not meet standards for use on actual patients)
- 2 fluid supply bags
- Infusion butterfly needle (for training purposes only and do not meet standards for use on actual patients)

- Pinch clamp
- 2 small towels
- Infusion needle
- Blood powder bottle (2 pints)

## Why Choose the Multi-Venous IV & Injection Arm, Light Skin Tone — for Your Nursing Skills Lab in India?

The Multi-Venous IV & Injection Arm (Item No. LF01271, Make: Nasco Healthcare, USA) is a new and improved evolution of the sophisticated Life/form® Venipuncture and Injection Arm, simulating a complete full-size adult male arm with full venous access — built to help students build critical vein-access skills for when it counts.

Note: unlike flow-rate or administration-focused pads, this arm is purpose-built for the insertion procedure itself — venipuncture, cannulation, and injection technique — with a full network of hand and arm veins for realistic practice.

The trainer features an upgraded soft, lifelike, long-lasting skin, with a narrowed floating vein site for realistic needle "give." It supports intramuscular and intradermal injections, blood drawing, and intravenous infusion, with primary vein, secondary vein, and IV access all represented. It even simulates non-visible/non-palpable veins, and rolling, disappearing, and difficult vein access — helping students practice the real-world challenges of finding a vein, not just the perfect-case scenario.

### Complete venous access includes:

- **Hand veins:** Dorsal metacarpal veins, Dorsal intercapitular veins, Branch of cephalic vein of thumb
- **Arm veins:** Basilic vein, Cephalic vein, Median cephalic vein, Median basilic vein, Median cubital vein, Median antebrachial vein, Accessory cephalic vein

**Accessories included:** 3cc syringe with needle, 12cc syringe with needle, 2 fluid supply bags, infusion butterfly needle, pinch clamp, 2 small towels, infusion needle, and a blood powder bottle (2 pints). (Syringes and needles included are for training purposes only and do not meet standards for use on actual patients.)

Dimensions: 76 cm L × 16.5 cm W × 11.5 cm H. Weight: 2.276 kg.

**Why Buy from SEM Trainers?** SEM Trainers & Systems is an authorized distributor of Nasco Healthcare products in India with over 30 years of experience supplying medical simulators and clinical skills training equipment to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.

### Frequently Asked Questions

**Q: Can this be used to practice IV insertion?** A: Yes — this arm is specifically designed for venipuncture and IV insertion practice, with a full network of hand and arm veins including simulated difficult-access scenarios.

**Q: Does it come with syringes and needles?** A: Yes, it includes a 3cc syringe, 12cc syringe, and infusion needle/butterfly needle — for training purposes only, not for use on actual patients.

**Q: What skin tone options are available?** A: This listing is for the light skin tone version.

**Q: How do I order from SEM Trainers?** A: Contact us at [sem@semtrainers.com](mailto:sem@semtrainers.com) or call +91-88495 63724 for pricing and availability.
