Product Description

4 lungs and stomachs for newborn ALS (advanced life support) simulator W44608 The Lungs and Stomachs for Newborn ALS Simulator (Item No. 101-098) is a genuine replacement accessory pack designed for the Newborn ALS Simulator (W44608), manufactured by Nasco Healthcare, USA. Each package contains 4 replacement lungs and stomachs, making it an essential consumable for medical training institutions and simulation labs that regularly use the newborn ALS simulator for neonatal resuscitation and advanced life support training. Weighing just 0.25 kg, this lightweight pack ensures your newborn simulator stays fully functional and ready for repeated, high-quality training sessions. Using genuine replacement parts helps maintain the realism and accuracy of the simulation

experience.

Q1. What is this product used for? This is a replacement accessory pack containing 4 lungs and stomachs used to maintain and restore the functionality of the Newborn ALS Simulator (W44608) for neonatal advanced life support training.

Q2. How many pieces are included in one pack? Each pack contains 4 lungs and 4 stomachs, providing sufficient replacements for continued use across multiple training sessions.

Q3. Which simulator is this compatible with? These replacement lungs and stomachs are specifically designed for the Newborn ALS Simulator (model W44608), used in newborn ALS and neonatal resuscitation training.

Q4. When should these parts be replaced? They should be replaced when the existing lungs or stomachs show signs of wear, damage, or reduced performance during ventilation and resuscitation training exercises.

Q5. Who manufactures this product? It is manufactured by Nasco Healthcare, USA — a globally trusted brand in medical simulation and training equipment.

Q6. What is the weight of this pack? The pack weighs 0.25 kg, making it compact and easy to store alongside your newborn ALS training simulator.

Q7. Where can I purchase this in India? You can enquire and order through SEM Trainers at **+91-88495 63724** or **+91-98791 03905**, or visit semtrainers.com.
