Product Description

The first Patient Communication Simulator that sees, listens, and responds using artificial intelligence (AI). ALEX is an untethered, on-the-go patient simulator. Simply unpack, and you're ready to train – anytime, anywhere (Wi-Fi required). Speaks and understands English, French, and Spanish. ALEX learns new languages all the time so it can help train more learners all around the globe. **Key Features:**

- 5-year simulation log archive
- Iris Cam livestream with unlimited recording
- Speech recognition with unlimited questions
- 5-year warranty
- Built-in microphone and speakers

- Patient monitoring with vitals and waveforms
- Intubation – oral, nasal and digital
- Scenarios included with customizable patients
- Artificial intelligence (AI) voice responses
- Cloud-connected and accessible from all devices
- Scenario-driven, instructor-controlled
- 8-hour battery life
- Build critical thinking, decision-making & priority-setting skills
- Perform patient physical assessment
- Evaluate vitals and waveforms with simulated patient monitor
- Practice I.V. administration, catheterization, airway management

ALEX Pro — Light Skin Tone (Nasco Healthcare) — Portable AI Patient Communication Simulator for India

The ALEX Pro (Brand: Nasco Healthcare, USA) is the first Patient Communication Simulator that sees, listens, and responds using artificial intelligence. It's untethered and fully portable — simply unpack it and you're ready to train anytime, anywhere (Wi-Fi required). ALEX speaks and understands English, French, and Spanish, with new languages added over time to support learners around the globe.

Key Features: 5-year simulation log archive; Iris Cam livestream with unlimited recording; unlimited speech recognition questions per day; 5-year warranty; built-in microphone and speakers; patient monitoring with vitals and waveforms; intubation training (oral, nasal, and digital); included scenarios with customizable patients; AI voice responses; cloud connectivity accessible from all devices; scenario-driven, instructor-controlled sessions; and 8-hour battery life.

ALEX Pro helps build critical thinking, decision-making, and priority-setting skills, and lets trainees perform patient physical assessment, evaluate vitals and waveforms on a simulated patient monitor, and practice IV administration, catheterization, and airway management. It's the top tier of the ALEX line below the generative-AI-powered ALEX Gen AI Pro.

Specifications: Weight 45 lbs (20 kg). Brand: Nasco Healthcare, USA. Warranty: 5 years.

Why Buy from SEM Trainers? SEM Trainers & Systems is an authorized distributor of Nasco Healthcare products in India with over 30 years of experience supplying advanced patient simulation technology to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.

FAQ Q: How does ALEX Pro differ from ALEX Plus? **A:** ALEX Pro offers a 5-year simulation log archive (vs. 1 year on Plus), unlimited Iris Cam recording (vs. 1,000 hours), and unlimited daily speech

recognition (vs. 1,000 questions/day) — the highest tier below the generative-AI ALEX Gen AI Pro.

Q: What languages does ALEX Pro support? A: English, French, and Spanish, with new languages added over time.

Q: How do I order from SEM Trainers? A: Contact sem@semtrainers.com or call +91-88495 63724 for pricing and availability.
