## AXEL Patient Simulator - Light Skin Tone

**Item No.** 101-7210  
**Weight** 45 lbs. (20 kg)  
**Make:** Nasco Healthcare, USA

[Read More](#)

**SKU:**

**Categories:** Human Patient Simulator

### Product Description

A full-body, untethered patient simulator with manual real-time speech and built-in audio-visual recording capabilities for affordable, on-the-go simulation. No control center required. Key features: Scenario-driven, instructor-controlled Facilitate patient learner communication via internal microphone and speakers in real-time Model-driven physiology with pharmaceutical treatment simulations Virtual AED/Pacing and 12 lead ECG 5-year warranty Ideal for training nurses, medical students, and patient

care personnel from anywhere to: Build critical thinking, decision-making & priority-setting skills  
Perform patient physical assessment Evaluate vitals and waveforms with a simulated patient monitor  
Create automated performance assessment of learning objectives Maintain treatment plan with customizable labs and medical orders Practice procedures such as I.V. administration, catheterization, and airway management Assess advanced life support performance with CPR Metrics Live stream and/or record patient perspective during simulated events Five-year warranty. Weight: 45 lbs. (20 kg) Height: 5 ft. 1 in. (1.55 m). Sh. wt. 67 lbs. (30 kg). Sh. dimensions: 41" H x 19.5" W x 15" D.

## **AXEL Patient Simulator — Light Skin Tone (Nasco Healthcare) for India**

The AXEL Patient Simulator (Item No. 101-7210, Brand: Nasco Healthcare, USA) is a full-body, untethered patient simulator with manual real-time speech and built-in audio-visual recording, designed for affordable, on-the-go simulation without requiring a separate control center.

**Key Features:** Scenario-driven, instructor-controlled sessions; real-time learner communication via internal microphone and speakers; model-driven physiology with pharmaceutical treatment simulations; virtual AED/pacing and 12-lead ECG; and a 5-year warranty.

AXEL is ideal for training nurses, medical students, and patient care personnel from anywhere, helping build critical thinking, decision-making, and priority-setting skills. Trainees can perform patient physical assessment, evaluate vitals and waveforms on a simulated patient monitor, maintain a treatment plan with customizable labs and medical orders, and practice IV administration, catheterization, and airway management. The system also supports automated performance assessment against learning objectives, CPR metrics for advanced life support evaluation, and live streaming or recording of the patient perspective during simulated events.

**Specifications:** Weight 45 lbs (20 kg). Height 5 ft 1 in (1.55 m). Shipping weight 67 lbs (30 kg). Shipping dimensions 41" H x 19.5" W x 15" D. Brand: Nasco Healthcare, USA. Warranty: 5 years.

**Why Buy from SEM Trainers?** SEM Trainers & Systems is an authorized distributor of Nasco Healthcare products in India with over 30 years of experience supplying advanced patient simulation technology to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.

**FAQ Q:** How is AXEL different from the ALEX line? **A:** AXEL uses manual real-time speech through the instructor rather than AI-generated voice responses, and doesn't require a separate control center — a more affordable, straightforward option for on-the-go simulation.

**Q:** What warranty does AXEL come with? **A:** A 5-year manufacturer warranty.

**Q:** How do I order from SEM Trainers? **A:** Contact [sem@semtrainers.com](mailto:sem@semtrainers.com) or call +91-88495 63724 for

pricing and availability.
