Product Description

A comprehensive male/female elderly patient care trainer for medical simulation. Evolving from our GERi/KERi full body manikins, it has a more realistic look and feel accurately representing the human anatomy. Weight is distributed to represent a real patient for lifting and carrying.

Key Features: Passive Range of Motion Seating, laying, finger/toe manipulation with no effort from

patient. **Enhanced Aesthetics** Soft silicone skin with noticeable normal and cancerous skin moles, stage 1 sacral ulcer and reddened skin folds. **Grooming & Daily Living Assistance** Bathing, clothing changes, denture placement/removal, hearing aid placement/removal, eye irrigation and optic drops, ostomy and urinary catheter care, hair care.

TERi™ Androgynous Geriatric Patient Care Trainer – Light (LF04300)

A comprehensive male/female elderly patient care trainer for medical simulation. Evolving from the GERi™/KERi™ full-body manikins, TERi™ (Item No. LF04300) by Nasco Healthcare, USA offers a more realistic look and feel, accurately representing human anatomy. Weight is distributed to represent a real patient for lifting and carrying practice.

Passive range of motion for realistic positioning. Seating, laying, and finger/toe manipulation, all achievable with no effort from the "patient."

Enhanced aesthetics for a more lifelike trainer. Soft silicone skin featuring noticeable normal and cancerous skin moles, a stage 1 sacral ulcer, and reddened skin folds.

Comprehensive grooming and daily living skills, including bathing, clothing changes, denture placement and removal, hearing aid placement and removal, eye irrigation and optic drops, ostomy and urinary catheter care, and hair care.

Why Buy from SEM Trainers? SEM Trainers & Systems is an authorised distributor of Nasco Healthcare products in India with over 30 years of experience supplying medical education resources to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.

Frequently Asked Questions

Q: What makes TERi™ different from the standard GERi™/KERi™ manikins? A: It offers a more realistic look and feel with soft silicone skin, plus weight distributed to represent a real patient for lifting and carrying practice.

Q: What daily living skills can be practiced? A: Bathing, clothing changes, denture and hearing aid placement/removal, eye irrigation, ostomy and urinary catheter care, and hair care.
