- Foreskins (3-pack) - LF00843 G (Light) / LF00842 G (Medium)
- Genital housing unit - LF00843 E (Light) / LF00842 E (Medium)
- Suprapubic skin (3-pack) - LF00843 C (Light) / LF00842 C (Medium)
- Lubricant - LF00985
- 1 gal. simulated urine - PN01036
- 1 qt. simulated urine - PN01037
- Bladder (3-pack) - LF00843D
- Stand - LF00843F
- Bag - LF00843H
- 16 Fr silicone catheter replacement - LF01127
- 16 Fr silicone catheter replacement (10-pack) - LF01128

Why Choose the Male/Female Catheterization Simulator — Light Skin Tone — for Your Nursing Skills Lab in India?

The Male/Female Catheterization Simulator, Light Skin Tone (Item No. LF00843, 8.6 kg, Make: Nasco Healthcare, USA) is Nasco's newest, most comprehensive life-size catheterization trainer, accurately representing human anatomy to teach the full fundamentals of this critical procedure.

What sets this apart from single-purpose trainers: it's **configurable between male, female, and suprapubic applications** on one base unit, using swappable components — and it's **upgradable**, so institutions can start with one configuration and expand their training scope over time rather than purchasing an entirely new unit. A single disposable, replaceable bladder works across all configurations. The realistic soft, durable skin provides genuine anatomical resistance and pressure, teaching correct patient positioning and movement.

Features:

- Realistic soft, durable, long-lasting skin feel
- Configurable between male/female and suprapubic applications
- Disposable/replaceable bladder works with all configurations
- Realistic anatomical resistance and pressure
- Upgradable for long-term training flexibility
- Five-year warranty

Please note: a fluid supply stand is **not included**.

Important — skin tone matters for ordering: This listing (LF00843) is the Light skin tone version. All accessories under this listing — genitals, foreskins, genital housing unit, suprapubic skin — use LF00843-prefixed part numbers. A Medium skin tone version is separately available under LF00842-prefixed part numbers. Confirm which skin tone you need before ordering accessories, as the two lines are not interchangeable.

Available accessories/upgrades:

- Female genitals — LF00843A (Light) / LF00842A (Medium)
- Male genitals — LF00843B (Light) / LF00842B (Medium)
- Foreskins (3-pack) — LF00843G (Light) / LF00842G (Medium)
- Genital housing unit — LF00843E (Light) / LF00842E (Medium)
- Suprapubic skin (3-pack) — LF00843C (Light) / LF00842C (Medium)
- Bladder (3-pack) — LF00843D
- Stand — LF00843F
- Carry bag — LF00843H
- Lubricant — LF00985
- Simulated urine — PN01036 (1 gal.) / PN01037 (1 qt.)
- 16 Fr silicone catheter replacement — LF01127 (single) / LF01128 (pack of 10)

Why Buy from SEM Trainers? SEM Trainers & Systems is an authorized distributor of Nasco Healthcare products in India with over 30 years of experience supplying medical simulators and clinical skills training equipment to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.

Q: Can this unit be used for both male and female catheterization, plus suprapubic care? A: Yes — it's configurable across all three applications using swappable components on one base unit.

Q: Is a fluid supply stand included? A: No — it's sold separately (LF00843F).

Q: Can I switch between Light and Medium skin tones later? A: The two skin tones use entirely different part numbers across all accessories; confirm your required skin tone before your initial

purchase.

Q: How do I order from SEM Trainers? A: Contact us at sem@semtrainers.com or call +91-88495 63724 for pricing and availability.
