C.H.A.R.L.I.E. Neonatal Resuscitation Simulator with Interactive ECG Simulator

Item No. LF01420

Weight

Make: Nasco Healthcare, USA

[Read More](#)

SKU:LF01420

Categories:Neonatal Patient Care

Product Description

- Defibrillation shock can be delivered through manikin or simulator
- Connect defibrillator/external pacer to simulator using adapters
- Built-in circuitry allows you to defibrillate and pace directly into the ECG simulator and observe ECG rhythms through the PADS connector
- Convert feature
- Select another rhythm to run immediately after defib discharge
- Pacing can be done on any manufacturer's defibrillator
- Battery saver feature powers-off simulator automatically when not in use
- 6 waveforms

- 17 adult/pediatric rhythms

Features:

- Airway, breathing, intubation, and ventilation
- Birth anomalies
- Chest tube placement
- CPR
- ECG simulation
- Gastrointestinal (GI) tube
- Interchangeable genitalia
- Intraosseous infusion
- IV hand and foot
- Observation and measurement
- Palpable manual pulse points in 7 locations
- Patent umbilicus with venous and arterial access
- PICC site in arm
- Urinary catheterization

C.H.A.R.L.I.E. comes complete with:

- Airways, 2 standard and advanced
- Baby powder
- Blood
- Carry bag
- Defibrillation chest
- Intraosseous bones and skin
- IV bag
- IV skin and veins for hand and foot
- Male and female genitalia
- Myelomeningocele
- Needles
- Omphalocele
- Umbilicus
- Instruction manual

C.H.A.R.L.I.E. Neonatal Resuscitation Simulator with Interactive ECG Simulator (Nasco Healthcare) for India

C.H.A.R.L.I.E. (Item No. LF01420, Brand: Nasco Healthcare, USA) is a full-featured neonatal resuscitation simulator built for comprehensive NRP-style training, with an interactive ECG simulator

that lets trainees defibrillate and pace directly through the simulator and observe ECG rhythms via the PADS connector.

ECG & Defibrillation Features:

- Defibrillation shock deliverable through the manikin or simulator
- Connects to any manufacturer's defibrillator/external pacer via adapters
- Convert feature to select a new rhythm immediately after defib discharge
- Battery saver auto-powers off the simulator when not in use
- 6 waveforms across 17 adult/pediatric rhythms

Clinical Features: Airway, breathing, intubation, and ventilation; birth anomalies; chest tube placement; CPR; ECG simulation; GI tube; interchangeable genitalia; intraosseous infusion; IV access in hand and foot; palpable manual pulse points in 7 locations; patent umbilicus with venous and arterial access; PICC site in arm; urinary catheterization.

Comes complete with: Two airways (standard and advanced), baby powder, blood, carry bag, defibrillation chest, intraosseous bones and skin, IV bag, IV skin and veins for hand and foot, male and female genitalia, myelomeningocele, needles, omphalocele, umbilicus, and instruction manual.

Backed by a 5-year manufacturer warranty.

Specifications: Weight to be confirmed. Brand: Nasco Healthcare, USA. Warranty: 5 years.

Why Buy from SEM Trainers? SEM Trainers & Systems is an authorized distributor of Nasco Healthcare products in India with over 30 years of experience supplying neonatal resuscitation training equipment to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.

FAQ Q: What ECG capabilities does this simulator have? **A:** Interactive defibrillation and pacing through the built-in ECG simulator, with 6 waveforms across 17 adult/pediatric rhythms, compatible with any manufacturer's defibrillator via adapters.

Q: What birth anomalies are included? **A:** Omphalocele and myelomeningocele, both included in the complete kit.

Q: How do I order from SEM Trainers? **A:** Contact sem@semtrainers.com or call +91-88495 63724 for pricing and availability.

5-year warranty.
