Economy Adult Sani Manikin 4 Pack With Carry Bag

Item No. 100-2145
Weight 28 lbs.
Brand Nasco Healthcare

[Read More](#)

SKU:100-2145

Categories:BLS Adult

Product Description

Lifelike and affordable, these CPR trainers let you provide students with their own manikin. The simple face shield lung system means no cleaning, no disinfecting, and no disassembly required. The manikins include head tilt/chin lift feature to open the airway, tough vinyl skin for extended service, and a foam-filled torso for resistance to compressions, palpable landmarks to ensure proper hand placement, and observable chest rise to verify ventilation. Includes three airways and instructions for use. Includes 100 Face Shield Lung Systems. Size: 21" x 15" x 19". Ship weight 28 lbs.

Why Choose the Economy Adult Sani-Manikin, 4-Pack with Carry Bag for Your Simulation Lab in India?

The Economy Adult Sani-Manikin, 4-Pack with Carry Bag (Item No. 100-2145) by Nasco Healthcare,

USA is a 28 lbs. (? 12.7 kg), 21" × 15" × 19" lifelike and affordable bulk CPR training set, letting training centres provide every student with their own manikin during practice. For BLS certification centres, schools, nursing colleges, and community CPR outreach programmes in India that need a basic, no-frills 4-manikin training set without electronic feedback or VTA lights, this is the most economical entry point for group CPR training in the Nasco range.

The simple face shield lung system means no cleaning, disinfecting, or disassembly is required between trainees — a practical advantage for back-to-back training sessions. Each manikin includes a head tilt/chin lift feature to open the airway, tough vinyl skin for extended service life, and a foam-filled torso providing realistic resistance to compressions. Palpable landmarks ensure proper hand placement, and observable chest rise verifies effective ventilation. The set includes 100 Face Shield Lung Systems — a substantial consumable stock covering many training sessions across all four manikins — along with three airways and instructions for use, all organised in a carry bag for storage and transport between training venues.

Why Buy from SEM Trainers? SEM Trainers & Systems is an authorized distributor of Nasco Healthcare products in India with over 30 years of experience supplying medical simulators to 1,500+ institutions across 28 states. We provide pan-India delivery, on-site installation, faculty orientation, and dedicated after-sales support.

Frequently Asked Questions

Q: What is included in this 4-pack? A: Four Sani-Manikin CPR trainers, 100 Face Shield Lung Systems, three airways, instructions for use, and a carry bag.

Q: Does this manikin include electronic feedback? A: No. This is the base Sani-Manikin platform without electronic or VTA light feedback. For built-in light feedback on the same platform, see the Econo VTA CPR Trainer (100-2160).

Q: What are the dimensions and weight? A: 21" × 15" × 19" (approx. 53 × 38 × 48 cm), with a ship weight of 28 lbs. (approx. 12.7 kg).
