Gaumard® Mike® and Michelle® Pediatric Care Simulator — 1-Year-Old, 32 in. L, Light — for Pediatric Nursing Skills Training in India

The Gaumard® Mike® and Michelle® Pediatric Care Simulator, 1-Year-Old (Item No. SB26392 L, Brand: Gaumard Scientific) is a sophisticated pediatric simulator built for training in standard and advanced clinical procedures, with a realistic face, body, and fully jointed elbows, wrists, knees, and ankles.

The simulator supports bathing and bandaging activities, with a soft, childlike face, self-molded hair, eyes that open and close in realistic sockets for ophthalmic procedures, and a fully articulated head and jaw with teeth and tongue for NG and otic exercises. It bends 30° at the waist, with jointed elbows and knees, and realistic hands, feet, fingers, and toes. Soft upper-body skin sits over a hard upper-body structure for realistic feel.

Clinical features include intramuscular injection sites in both upper thighs, a TB test site, an interchangeable male organ, a tracheostomy opening, male and female catheterization capability, removable internal tanks, enema administration, and a neck brace. The simulator comes dressed in a T-shirt and shorts and is 32 in long.

Includes: Instruction manual and soft nylon carry bag.

Specifications: Length 32 in. Weight to be confirmed. Brand: Gaumard Scientific.
