Gaumard® CPR Susie Advanced Patient Care Simulator, Light (SB32864 L)

Designed to provide the fundamentals of CPR instruction as well as numerous patient care exercises. The Gaumard® CPR Susie (Item No. SB32864 L, 64 lbs.) supports comprehensive resuscitation and patient care training in one manikin.

Full CPR training capability. An anatomically painted outline of cardiopulmonary features supports cardiopulmonary resuscitation, mouth-to-mouth and mouth-to-nose resuscitation, and simulated intubation. The manikin bends 30° at the waist, with eyes that open and close (one pupil dilated) and palpation of right and left carotid pulses.

Comprehensive patient care skills, including enema administration, intramuscular injection, male and female catheterization, oral/nasal/otic/tracheotomy/gastrostomy openings for nasogastric lavage and gavage instruction, sculpted stomas for transverse colostomy, ileostomy, and suprapubic stoma practice, a set of 2 decubitus ulcers (initial and deeply infected stages), and vaginal douching and pap smear exercises.

Realistic anatomical features. An amputation stump, jointed elbows, wrists, knees, and ankles, a movable jaw with upper and lower dentures, soft lifelike face skin, interchangeable male and female breasts (the left female breast contains a malignancy for palpation practice), an interchangeable male organ, and a 360° intramuscular and subcutaneous injection site in the left upper arm. An optional advanced training arm is also available.

Comes complete with a neck brace and instruction manual.

Why Buy from SEM Trainers? SEM Trainers & Systems has over 30 years of experience supplying medical education resources to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.

Frequently Asked Questions

Q: What CPR features does this simulator include? A: An anatomically painted outline of cardiopulmonary features, support for mouth-to-mouth/mouth-to-nose resuscitation, simulated intubation, and carotid pulse palpation.

Q: Is an advanced training arm available? A: Yes — as an optional add-on.
