SKU:

Categories:Adult Patient Care

Product Description

- Simulate a number of exercises from transverse colostomy management to tracheotomy, from intramuscular injection to ophthalmological treatment
- Joints are strong and movements lifelike, even to the extent of permitting pronation and supination of the forearm
- Comes without internal tanks
- Genitals are not interchangeable

The manikin offers these additional features:

- Articulating head, jaw, elbows, wrists, ankles, and knees
- Bathing and bandaging
- Enema administration
- Eyes open and close
- Instruction manual
- Intramuscular injection
- Nasal and oral tube placement

- NG and OG tube feeding and gastric suction
- Opening for gastrostomy
- Ophthalmic exercises
- Catheterization exercises
- Otic drops and irrigation
- Soft, realistic face skin, hands, feet, fingers, and toes
- Wig for hair care exercises
- Tracheotomy placement
- Transverse colostomy, ileostomy, and suprapubic stomas to practice irrigation
- Upper and lower dentures for oral hygiene
- Meets OBRA requirements

Why Choose the Nasco Healthcare Simple Simon® Patient Care Manikin — Light Skin for Your Nursing Skills Lab in India?

The Simple Simon® Patient Care Manikin — Light Skin (Item No. SB23541 L) is a comprehensive full-body adult male nursing care training manikin from Nasco Healthcare, USA — and a significantly more capable product than its name suggests. It covers the complete OBRA-compliant nursing care curriculum including catheterisation, enema administration, NG/OG tube placement, gastrostomy, stoma care, tracheostomy, intramuscular injection, ophthalmic and otic care, oral hygiene, bathing, bandaging, and hair care — across fully articulating joints with pronation and supination of the forearm. For nursing colleges, GNM and B.Sc. Nursing programmes, and clinical skills labs in India that need a single male manikin covering the full nursing skills curriculum without the premium price of an advanced simulator, the Simple Simon® Light delivers the complete feature set.

Joints and Mobility: Full articulation including head, jaw, elbows, wrists, ankles, and knees — with pronation and supination of the forearm. Joints are strong and movements lifelike throughout the full range of motion.

Complete List of Trainable Skills and Features:

- Bathing and bandaging
- Catheterisation exercises
- Enema administration
- Eyes open and close
- Intramuscular injection
- Nasal and oral tube placement
- NG and OG tube feeding and gastric suction

- Ophthalmic exercises
- Opening for gastrostomy
- Otic drops and ear irrigation
- Soft, realistic face skin, hands, feet, fingers, and toes
- Tracheostomy placement
- Transverse colostomy, ileostomy, and suprapubic stomas — irrigation practice
- Upper and lower dentures for oral hygiene
- Wig for hair care exercises
- Instruction manual included

OBRA Compliant: Yes — meets all OBRA (Omnibus Budget Reconciliation Act) nursing curriculum requirements.

Internal tanks: Not included (comes without internal tanks — this is the standard configuration for this model).

Why Buy from SEM Trainers? SEM Trainers & Systems has over 30 years of experience supplying medical simulators to 1,500+ institutions across 28 states in India. We provide pan-India delivery, on-site installation, faculty orientation, and dedicated after-sales support.

Frequently Asked Questions

Q: How does this manikin differ from the Simple Simon® Patient Care Manikin, Medium Skin (1005807, Gaumard Scientific)? A: These are two different products from different OEMs. The Gaumard Simple Simon® (1005807) is a basic manikin without catheterisation or enema. This Nasco Healthcare Simple Simon® Light (SB23541 L) includes catheterisation, enema, NG/OG tube placement, gastrostomy, and stoma care — a significantly more comprehensive feature set. The "Light" refers to skin tone, not capability.

Q: Are the genitals interchangeable on this manikin? A: No. The genitalia on this model are not interchangeable. Contact SEM Trainers to confirm the gender configuration before ordering.

Q: Does this manikin include internal tanks? A: No. This model comes without internal tanks — the standard configuration for the SB23541 L.

Q: Does this manikin meet OBRA requirements? A: Yes. The Simple Simon® Light fully meets OBRA nursing curriculum requirements.

Q: What is the forearm range of motion? A: The forearm supports both pronation and supination — a level of joint realism not present in all nursing manikins at this tier.
