Simple Susie® - Light

Item No. SB23540 L

Weight

Make: Nasco Healthcare, USA

[Read More](#)

SKU:

Categories:Adult Patient Care

Product Description

- Simulate a number of exercises from transverse colostomy management to tracheotomy, from intramuscular injection to ophthalmological treatment
- Joints are strong and movements lifelike, even to the extent of permitting pronation and supination of the forearm
- Comes without internal tanks
- Genitals are not interchangeable

The manikin offers these additional features:

- Articulating head, jaw, elbows, wrists, ankles, and knees
- Bathing and bandaging
- Enema administration
- Eyes open and close
- Instruction manual
- Intramuscular injection
- Nasal and oral tube placement

- NG and OG tube feeding and gastric suction
- Opening for gastrostomy
- Carry bag
- Ophthalmic exercises
- Catheterization exercises
- Otic drops and irrigation
- Soft, realistic face skin, hands, feet, fingers, and toes
- Wig for hair care exercises
- Tracheotomy placement
- Transverse colostomy, ileostomy, and suprapubic stomas to practice irrigation
- Upper and lower dentures for oral hygiene
- Vaginal douching and Pap smear exercise
- Meets OBRA requirements

Why Choose the Nasco Healthcare Simple Susie® Patient Care Manikin — Light Skin for Your Nursing Skills Lab in India?

The Simple Susie® Patient Care Manikin — Light Skin (Item No. SB23540 L) is a comprehensive full-body adult female nursing care training manikin from Nasco Healthcare, USA — and the female counterpart to the Simple Simon® Light (SB23541 L) in the same Nasco Healthcare nursing manikin family. It covers the complete OBRA-compliant nursing care curriculum including catheterisation, enema administration, NG/OG tube placement, gastrostomy, stoma care, intramuscular injection, vaginal douching, Pap smear, ophthalmic and otic care, oral hygiene, bathing, bandaging, and hair care — across fully articulating joints with pronation and supination of the forearm. A carry bag is included for storage and transport between training locations.

For nursing colleges, GNM and B.Sc. Nursing programmes, midwifery courses, and clinical skills labs in India that need a single female manikin covering the full nursing skills curriculum including female-specific gynaecological care procedures, the Simple Susie® Light delivers the complete feature set at this tier.

Joints and Mobility: Full articulation including head, jaw, elbows, wrists, ankles, and knees — with pronation and supination of the forearm. Joints are strong and movements lifelike throughout the full range of motion.

Complete List of Trainable Skills and Features:

- Bathing and bandaging
- Catheterisation exercises
- Enema administration
- Eyes open and close
- Intramuscular injection
- Nasal and oral tube placement
- NG and OG tube feeding and gastric suction
- Ophthalmic exercises
- Opening for gastrostomy
- Otic drops and ear irrigation
- Soft, realistic face skin, hands, feet, fingers, and toes
- Transverse colostomy, ileostomy, and suprapubic stomas — irrigation practice
- Upper and lower dentures for oral hygiene

OBRA Compliant: Yes — meets all OBRA nursing curriculum requirements.

Internal tanks: Not included — standard configuration for this model.

Why Buy from SEM Trainers? SEM Trainers & Systems has over 30 years of experience supplying medical simulators to 1,500+ institutions across 28 states in India. We provide pan-India delivery, on-site installation, faculty orientation, and dedicated after-sales support.

Frequently Asked Questions

Q: What is the difference between Simple Susie® Light and Simple Simon® Light? A: Simple Susie® (SB23540 L) is the female variant — it includes vaginal douching and Pap smear exercises and a carry bag, but does not include tracheostomy placement. Simple Simon® (SB23541 L) is the male variant — it includes tracheostomy placement but not vaginal douching or Pap smear. Both are from Nasco Healthcare and share the same core feature set otherwise.

Q: Does this manikin include tracheostomy training? A: No. Tracheostomy placement is included on the Simple Simon® Light (SB23541 L) male variant but not on the Simple Susie® Light female variant. If tracheostomy training is required alongside female nursing care skills, consider the KERi™ Advanced manikin range.

Q: Are the genitalia interchangeable? A: No. The genitalia are not interchangeable on this model. This is the female configuration.

Q: Is a carry bag included? A: Yes — a carry bag is included with the Simple Susie® Light. Note that the Simple Simon® Light (SB23541 L) does not list a carry bag.

Q: Does this manikin meet OBRA requirements? A: Yes. The Simple Susie® Light fully meets OBRA nursing curriculum requirements.

Q: Does this manikin include internal tanks? A: No. This model comes without internal tanks — the standard configuration for SB23540 L.
