*Why Choose the Life/form® CPR Metrix Control Box and iPad® for Your Simulation Lab in India?**

The Life/form® CPR Metrix Control Box and iPad®* (Item No. LF03406) by Nasco Healthcare, USA is the standalone electronic upgrade unit that adds full CPR Metrix digital monitoring, documentation, and debriefing capability to compatible Life/form® manikins already in your simulation lab. If your institution owns a qualifying Nasco Healthcare manikin — such as the Deluxe Plus CRiSis™ series, Full Body Airway Larry, CPARLENE® series, or other compatible models listed below — this control box is the most cost-effective path to adding structured, data-driven CPR performance assessment without replacing the manikin itself.

The CPR Metrix system delivers a graphical interface and audio feedback that students can follow in real time during practice. Instructors benefit from solid documentation that makes it straightforward to track each student's individual performance across sessions. Debriefing tools support post-session review, and detailed performance reports can be saved and exported in PDF format — enabling easy archiving, student portfolios, and accreditation documentation for NMC-regulated institutions.

This control box is compatible with the following Life/form® manikin models: Deluxe Plus CRiSis™ Manikin with CPR Metrix and iPad®; Deluxe Plus CRiSis™ Manikin with Advanced Airway Management, CPR Metrix and iPad®; Deluxe Plus CRiSis™ Auscultation Manikin with CPR Metrix and iPad®; Deluxe Plus CRiSis™ Auscultation Manikin with Advanced Airway Management, CPR Metrix and iPad®; Full Body Airway Larry with Electronic Connections; Full Body Airway Larry with CPR Metrix and iPad®; Full Body Airway Larry with Heartisense™; CPARLENE® Full-Size Manikin with CPR Metrix and iPad®; CPARLENE® Full-Size Manikin with Electronics; and CPARLENE® Torso with Electronics and Light Controller.

This upgrade unit is ideal for simulation labs in Indian medical colleges, nursing institutions, and hospitals that already own compatible Life/form® manikins and want to add measurable, debriefable CPR feedback capability without the cost of a full manikin replacement.

Why Buy from SEM Trainers? SEM Trainers & Systems is an authorized distributor of Nasco Healthcare products in India with over 30 years of experience supplying medical simulators and accessories to 1,500+ institutions across 28 states. We advise on compatibility, handle pan-India delivery, and provide on-site installation and setup support. All products carry genuine manufacturer warranty.

Frequently Asked Questions

Q: How do I know if my existing manikin is compatible with this CPR Metrix Control Box? A: Compatibility is confirmed for the manikin models listed in the product description above. If you are unsure whether your existing Nasco Healthcare manikin is compatible, contact us at sem@semtrainers.com

or call +91-88495 63724 before ordering.

Q: Is an iPad® included with this product? A: The product name references iPad® because the instructor app runs on an iPad® or Android™ tablet, but the device itself is not included. Please source the tablet separately.

Q: What is the warranty and how do I get support? A: All Nasco Healthcare products carry standard manufacturer warranty. For support, reach us at sem@semtrainers.com or call +91-88495 63724.
