PRESTAN PROFESSIONAL ADULT SERIES 2000 MANIKIN

Item No. PP-AM-2000-MS

Weight

Brand Prestan

[Read More](#)

SKU:

Categories:BLS Adult

Product Description

The same high-quality, realistic Professional Adult Manikin is now available with Advanced Feedback including Rate, Depth, Recoil, Ventilation and Hands-Off Time via a Bluetooth® enabled PRESTAN CPR Feedback app available on both Apple and Android devices. PRESTAN PROFESSIONAL ADULT SERIES 2000 MANIKIN

- The same high-quality, realistic Professional Adult Manikin is now available with Advanced Feedback including Rate, Depth, Recoil, Ventilation and Hands-Off Time via a Bluetooth® enabled PRESTAN CPR Feedback app available on both Apple and Android devices.
- Fully compliant with current industry guidelines, including the Heart and Stroke Foundation of Canada's February 2021 Use of Feedback Devices in Resuscitation Training Courses Policy and the most recent AHA Integrated Feedback Directive. Available in medium or dark skin tones, with CPR Feedback only and in Single or 4-

Pack configurations.

- **The Prestan Professional Training Manikin series is unlike any other on the market. Uniquely designed for realistic experiences, they are available individually or in sets of four for group training. The manikins are designed to match the real-life CPR experience. In CPR training, a precise feedback indicator is vital.**
- **The Prestan's revolutionary CPR Rate Monitor provides instant feedback to both instructor and student on the correct compression depth. It enables each student to individually gauge their compression rate as well as allowing the instructor to monitor several students simultaneously. It is equipped with a unique Clicker Mechanism that gives an alert sound when the correct compression depth is reached. This helps ensure the students are using the correct force when administering CPR compression.**

ADDITIONAL DETAILS:

- The PRESTAN CPR Feedback App Providing high-quality, real-time, advanced CPR feedback via a Bluetooth® connection with the PRESTAN Professional Adult Series 2000 Manikin. Advanced CPR feedback (includes rate, depth, recoil, ventilation, and hands-off time) is monitored, easily displayed, and available for reporting allowing students to self-monitor performance and gain confidence during CPR training.
- The app allows instructors to provide comprehensive CPR training while monitoring CPR performance for up to six (6) students at a time. This app is also equipped with a reporting feature that allows for CPR training results to be downloaded directly from the app.

Why Choose the PRESTAN Professional Adult Series 2000 Manikin for Your Simulation Lab in India?

The PRESTAN Professional Adult Series 2000 Manikin (Item No. PP-AM-2000-MS) by Prestan Products, USA is the same high-quality, realistic Professional Adult Manikin now available with Advanced Feedback — rate, depth, recoil, ventilation, and hands-off time — delivered via a Bluetooth®-enabled PRESTAN CPR Feedback App available on both Apple and Android devices. For ACLS training centres, nursing colleges, and BLS certification programmes in India that need comprehensive five-parameter CPR quality data rather than the two-parameter (rate and depth) feedback of the standard PRESTAN Professional Manikin, Series 2000 is the upgrade tier for data-driven competency assessment.

Fully compliant with current industry guidelines, including the Heart and Stroke Foundation of Canada's February 2021 Use of Feedback Devices in Resuscitation Training Courses Policy and the most recent AHA Integrated Feedback Directive — relevant for training centres in India pursuing international accreditation alignment. Available in medium or dark skin tones, with CPR Feedback only configuration, and in single or 4-pack formats for individual or group training. The same revolutionary

CPR Rate Monitor and Clicker Mechanism from the standard Professional Manikin are retained, giving an alert sound when correct compression depth is reached.

The PRESTAN CPR Feedback App provides high-quality, real-time, advanced CPR feedback via Bluetooth® connection — rate, depth, recoil, ventilation, and hands-off time are all monitored, easily displayed, and available for reporting, allowing students to self-monitor performance and build confidence during training. The app allows instructors to monitor up to six students simultaneously, with a reporting feature that lets CPR training results be downloaded directly from the app for competency documentation — eliminating manual recording for group assessment sessions.

Why Buy from SEM Trainers? SEM Trainers & Systems is an authorized distributor of Prestan Products in India with over 30 years of experience supplying medical simulators to 1,500+ institutions across 28 states. We provide pan-India delivery, on-site installation, faculty orientation, and dedicated after-sales support.

Frequently Asked Questions

Q: What feedback parameters does the Series 2000 monitor? A: Rate, depth, recoil, ventilation, and hands-off time — five parameters, delivered via Bluetooth® to the PRESTAN CPR Feedback App, compared to rate and depth only on the standard Professional Manikin.

Q: How many students can the instructor monitor at once? A: Up to six students simultaneously through the app, with results downloadable for reporting.

Q: What configurations are available? A: Medium or dark skin tones, CPR Feedback only, in single or 4-pack configurations.
