Categories:BLS Adult

Product Description

Why Choose the PRESTAN Ultralite® Manikin – Medium Skin without CPR Monitor for Your Simulation Lab in India?

The PRESTAN Ultralite® Manikin – Medium Skin without CPR Monitor (Item No. PP-ULM-100-MS) by Prestan Products, USA is PRESTAN's most portable manikin — easy to transport and ship, simple to set up, use, and clean. This durable manikin offers an affordable method for CPR training with all the quality and realism expected from PRESTAN. For BLS certification centres, schools, and community CPR outreach programmes in India that need a basic, no-feedback Ultralite manikin for instructor-led training — or that plan to add the CPR Feedback Piston later as budget allows — this base configuration is the most economical entry point in the Ultralite series.

The compact, lightweight design allows for easy transport and cost-effective shipping, making it ideal for on-the-go and outreach training delivery. Stackable torsos and heads create a compact, portable

solution for transporting multiple units: a 4-pack at 13 pounds with a carry bag and detachable shoulder strap, or a 12-pack at 39 pounds with a wheeled roller bag and telescoping handle — both significantly easier to move between training venues than equivalent quantities of standard-format manikins.

Includes: 1 Manikin Torso, 1 Manikin Head, 1 Compression Piston, 10 Face Shield/Lung Bags, a Nylon Carry Bag, and an Instruction Sheet. For AHA Integrated Feedback Directive compliance, the CPR Feedback Piston can be purchased separately and added to this manikin at any time. Backed by a three-year limited warranty against defects in workmanship or materials under normal use.

Why Buy from SEM Trainers? SEM Trainers & Systems is an authorized distributor of Prestan Products in India with over 30 years of experience supplying medical simulators to 1,500+ institutions across 28 states. We provide pan-India delivery, on-site installation, faculty orientation, and dedicated after-sales support.

Frequently Asked Questions

Q: What's included in this version of the Ultralite manikin? A: A manikin torso, manikin head, compression piston, 10 face shield/lung bags, a nylon carry bag, and an instruction sheet — without the CPR Feedback Piston.

Q: Can feedback be added later? A: Yes. The CPR Feedback Piston can be purchased separately and installed on this manikin to add visual rate and audible depth feedback.

Q: How are multiple units transported? A: In stackable packs — a 4-pack (13 lbs) with a carry bag and shoulder strap, or a 12-pack (39 lbs) with a wheeled roller bag and telescoping handle.

The PRESTAN Ultralite Manikin is our most portable manikin, easy to transport & ship and simple to set up, use & clean. This durable manikin offers an affordable method for CPR training, with all the quality and realism you expect from PRESTAN. PRESTAN® Ultralite® Manikins Medium Skin Tone Training Manikin Without CPR Monitor Includes: • 1 Manikin Torso • 1 Manikin Head • 1 Compression Piston • 10 Face Shield/Lung Bags • Nylon Carry Bag • Instruction Sheet
