Product Description

The PRESTAN Professional AED Trainer PLUS is a leading-edge AED Trainer that most closely resembles brand AED Trainers in size and weight for a realistic training experience. This AED trainer features customizable options to match various training environments, including a child button. For use with patented PRESTAN Pad Sensing System Clear, confident voice prompts with optional CPR prompts to help the student keep pace with chest compressions. Easy to replace module containing current CPR guidelines and two languages. Comes standard with English/Spanish language option. A remote is optional and available for instructors who prefer this feature. A single remote will control several AED Trainers within its range **Prestan Professional AED Trainer PLUS(4 C batteries not included) Includes:**

- English/Spanish Module
- One set of Adult/Child Training Pads with Pad Sensing System
- Pads Storage Case
- Carry Bag and Instructions

The **PRESTAN Professional AED Trainer PLUS — English/Spanish (Item No. PP-AEDT2-101)** by PRESTAN Products, USA is the English/Spanish standalone unit of PRESTAN's most realistic professional AED trainer — without the remote control bundled. Identical in every hardware and feature specification to the full Kit (PP-AEDT2-KIT-101), this unit is the right choice for institutions that already own a PRESTAN remote, prefer to add it later, or are equipping individual stations where remote control is not required.

Key Features:

- **Closest to real AED size and weight** — matched to leading brand AED form factor for authentic, familiar training
- **Patented PRESTAN Pad Sensing System** — verifies correct adult and child pad placement before advancing the scenario
- **English/Spanish voice prompts** — clear bilingual guidance; module pre-installed; fully swappable with any PRESTAN language or guideline module
- **Optional CPR voice prompts** — switchable; guides compression pacing during combined CPR+AED training in both English and Spanish
- **Child button** — dedicated paediatric AED response sequence; adult and child training in one unit
- **Swappable language/guideline module** — update to any language or AHA guideline revision via module swap; no unit replacement required
- **Remote control compatible** — optional remote available separately; one remote controls multiple units within range
- **Adult/child training pads with Pad Sensing System, pads storage case, carry bag, and instructions included**
- **3-year limited warranty**
- **Power:** 4 × C batteries (not included)

Child Mode	Yes – dedicated child button
Pad System	Patented PRESTAN Pad Sensing System
Remote Control	Optional – sold separately
Power	4 × C batteries (not included)
Warranty	3-year limited

Q: What is the difference between this (PP-AEDT2-101) and the Kit (PP-AEDT2-KIT-101)? A: The only difference is the remote control — the Kit includes it, this standalone unit does not. All other hardware, features, language module, accessories, and warranty are identical. If you already own a PRESTAN remote or are expanding an existing fleet, this standalone unit is the cost-efficient choice.

Q: Can one remote control multiple units? A: Yes. A single PRESTAN remote controls all PRESTAN Professional AED Trainer PLUS units within its wireless range — there is no per-unit limit.

Institutions adding stations can use their existing remote to control the entire fleet including newly added units.

Q: Can the English/Spanish module be changed? A: Yes. Swap to English/French, English/Arabic, English/Russian, or any future PRESTAN language or AHA guideline module without replacing the trainer unit.

Q: Do the CPR voice prompts work in Spanish? A: Yes. When the Spanish language is active, all voice prompts — including the optional CPR compression pacing prompts — are delivered in Spanish.

Q: Is this suitable for NMC-compliant BLS skills labs in India? A: Yes — same NMC/INC BLS and ACLS skills station compliance as all other PRESTAN Professional AED Trainer PLUS variants.

Q: What is the warranty? A: 3-year limited warranty from PRESTAN against defects in workmanship and materials under normal use.

Warranty Information & Guarantee

PRESTAN offers a THREE YEAR LIMITED WARRANTY against any defects in workmanship or materials under normal use with respect to its PRESTAN AED TRAINERS.
