Product Description

The PRESTAN Professional AED Trainer PLUS is a leading-edge AED Trainer that most closely resembles brand AED Trainers in size and weight for a realistic training experience. This AED trainer features customizable options to match various training environments, including a child button. For use with patented PRESTAN Pad Sensing System Clear, confident voice prompts with optional CPR prompts to help the student keep pace with chest compressions. Easy to replace module containing current CPR guidelines and two languages. A remote is optional and available for instructors who prefer this feature. A single remote will control several AED Trainers within its range **Prestan Professional AED Trainer PLUS(4 C batteries not included) Includes:**

- English/Russian Module
- One set of Adult/Child Training Pads with Pad Sensing System
- Pads Storage Case
- Carry Bag and Instructions

The **PRESTAN Professional AED Trainer PLUS — English/Russian (Item No. PP-AEDT2-103)** by PRESTAN Products, USA is the English/Russian language variant of PRESTAN's most realistic professional AED trainer. Identical in hardware, features, and specification to all other Professional AED Trainer PLUS models, this unit ships with the English/Russian module pre-installed — the only professional-grade AED trainer available with Russian voice prompt capability at this specification level.

Key Features:

- **Closest to real AED size and weight** — matched to leading brand AED form factor for authentic device familiarity
- **Patented PRESTAN Pad Sensing System** — verifies correct adult and child pad placement before advancing
- **English/Russian voice prompts** — clear bilingual guidance; Russian module pre-installed; swappable with any PRESTAN language module
- **Optional CPR voice prompts** — switchable; guides compression pacing during combined CPR+AED training; all prompts delivered in Russian when Russian module is active
- **Child button** — dedicated paediatric AED sequence; adult and child training in one unit
- **Swappable language/guideline module** — update to any language or future AHA guidelines via module swap; no unit replacement
- **Remote control compatible** — optional remote sold separately; one remote controls multiple units
- **Adult/child training pads with Pad Sensing System, pads storage case, carry bag, and instructions included**
- **3-year limited warranty**
- **Power:** 4 × C batteries (not included)

Note on Remote: Not included in this SKU. Available separately. For remote bundled in box, order the PRESTAN Professional AED Trainer PLUS Kit (PP-AEDT2-KIT-101).

How It Compares to Other PRESTAN PLUS Variants: The only difference between this and PP-AEDT2-101 (English/Spanish), PP-AEDT2-102 (English/French), and PP-AEDT2-113 (English/Arabic) is the language module. All hardware, features, accessories, and warranty are identical.

Q: What is the difference between this and the other PRESTAN Professional AED Trainer PLUS models? A: Only the language module — Russian here vs Spanish, French, or Arabic in other variants. All hardware, features, and specifications are identical.

Q: Can the Russian module be swapped for another language? A: Yes. Swap to any available PRESTAN language module or future AHA guideline module without replacing the trainer.

Q: Do the CPR voice prompts work in Russian? A: Yes. When the Russian module is active, all voice prompts including optional CPR compression pacing prompts are delivered in Russian.

Q: Does this include the remote control? A: No. The remote is sold separately. For a bundled kit with remote, order PP-AEDT2-KIT-101.

Q: Is this suitable for NMC-compliant BLS skills labs? A: Yes — same compliance as all

other PRESTAN Professional AED Trainer PLUS variants.

Q: What is the warranty? A: 3-year limited warranty from PRESTAN against defects in workmanship and materials.
