stomach cover, 2 vulva inserts, 4 spare umbilical cords, 2 umbilical clamps, talcum powder, instruction manual, and soft carry case
- 1-year warranty

Gaumard® Advanced Childbirth Simulator – Light (SB22438 L)

The Gaumard® Advanced Childbirth Simulator (Item No. SB22438 L) by Gaumard, USA is a total simulator for demonstrating breech birth, C-section delivery, episiotomy, and fetal palpation.

Realistic, adjustable anatomy for hands-on practice. Features a removable diaphragm end plate, a removable stomach cover for manual positioning of the fetus, a life-size pelvic cavity with all major anatomical landmarks, an ultra-soft vulval insert for episiotomy exercises, a simulated dorsosacral position for realistic delivery technique, and a hand-painted outline of the bony pelvis.

Forceps-compatible, with one key limitation. Forceps can be used during simulation; the Leopold maneuver cannot be performed on this simulator.

Fully serviceable design. All parts in this simulator are replaceable, keeping the unit in service long-term.

Comes complete with (vinyl skin version): 2 fetal babies with umbilical cords and placentas, a spare stomach cover, 2 vulva inserts, 4 spare umbilical cords, 2 umbilical clamps, talcum powder, an instruction manual, and a soft carry case. Backed by a 1-year warranty.

Why Buy from SEM Trainers? SEM Trainers & Systems is an authorised distributor of Gaumard products in India with over 30 years of experience supplying medical education resources to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.

Frequently Asked Questions

Q: What deliveries can be demonstrated? A: Breech birth, C-section delivery, episiotomy, and fetal palpation.

Q: Can the Leopold maneuver be practiced on this simulator? A: No — this is one limitation of this specific model.

Q: What's the warranty? A: 1 year.
