SKILLQUBE qubeVENT

Item No. Skillcube qubeVENT

Weight

Brand skillcube, Germany

[Read More](#)

SKU:

Categories: Patient Monitor Simulators

Product Description

Discover the world of ventilation simulators.

SKILLQUBE has developed a ventilation simulator based on a generic user interface. The qubeVENT adds another ventilation simulator to our qubeSERIE portfolio. As an in-house development, it is the next Skillcube original product after the qubeZERO. Once again, we have put all our experience and valuable feedback from the community into the development, so that it is the perfect starter into the world of ventilation simulators.

Functions

- CPAP
- IPPV
- Alarm settings
- System alarms

- SKILLQUBE original screen

Additional Features

Controller & Assessment

- Control all vital signs via instructor software
- Browser-based scenario editor with image and video library
- Auscultation, blood sugar and temperature measurement
- Availability of checklists and SOP for in field use
- For ventilation: different disease patterns selectableWith the new qubeCLOUD we have created a platform that allows you to create, edit and release simulation scenarios individually and fully. As a trainer, you have even more time to concentrate on your students.
 - Create & edit scenarios
 - Release scenarios
 - Mode for examiners
 - Link to the qubeCONTROL
 - Manage your organization
 - Manage users
