Strap-on Ostomy Care Trainer (Kyoto Kagaku, Japan) for Hands-On Ostomy Skills Training in India

The Strap-on Ostomy Care Trainer (Item No. MW72, Brand: Kyoto Kagaku, Japan) enables hands-on training in ostomy care skills, either through hybrid training with a standardized patient (SP) or in combination with a full-body manikin.

Features:

- Simple and easy to handle
- Two types of stoma models — end stoma and loop stoma — with four sites to set stomas for a variety of training scenarios
- Thin skin material that simulates the wrinkles that accompany a patient's posture, fitting naturally on the abdomen of the SP
- Anti-slip skin surface and front-side belt connectors for smooth preparation and training
- Simulated feces for realistic training

Training Skills / Applications: Cleansing, changing a pouch, emptying a pouch, and practicing respect toward patients through realistic patient simulation.

Set Includes: 1 abdominal skin, 1 end stoma, 1 loop stoma, 1 set of strap belt, 1 simulated feces, and an instruction manual.

Specifications: Size (approx.) W35 x D3 x H26 cm (stoma attached). Weight to be confirmed. Brand: Kyoto Kagaku, Japan.

Why Buy from SEM Trainers? SEM Trainers & Systems is an authorized distributor of Kyoto Kagaku
