Male Perineum Model

Item No. MG30415
Weight 3.7 lbs
Make: Nasco Healthcare, USA

[Read More](#)

SKU:

Categories:Gynaecology

Product Description

A life-size model showing the male perineum area, including the anus and external genitals. The pelvic diaphragm, urogenital perineum and anal perineum are well represented, including the distribution of blood vessels and nerve endings. Accompanying an interactive 3D anatomical model with augmented reality is a great tool to encourage learning and support. This platform allows students to engage in comparative analysis of anatomical models as they compare and contrast the structure of individual organs. This initiative also provides a platform for continuing education, providing opportunities for all students to increase their knowledge of anatomy, physiology and pathophysiology. One-Year Warranty
Ship Weight (LBs): 3.7 lbs. Dimensions. (Inches): 16.14 x 10.63 x 8.66
