Categories: Ear Models

Product Description

Model representing the hammer, anvil and stirrup, enlarged to approximately 20 times its natural size. Important anatomical structures are numbered and indicated for easy understanding; Made with long-lasting synthetic material; Accompanying an interactive 3D anatomical model with augmented reality is a great tool to encourage learning and support. This platform allows students to engage in comparative analysis of anatomical models as they compare and contrast the structure of individual organs. This initiative also provides a platform for continuing education, providing opportunities for all students to increase their knowledge of anatomy, physiology and pathophysiology. One-Year Warranty Ship Weight (LBs): 2.2 lbs. Dimensions. (Inches): 9.84 x 8.66 x 13.78
