The Professional Child Series 2000 Manikin with Advanced CPR Feedback, Single (Medium Skin) (Item No. PP-CM-2000-1-MS) is the latest generation pediatric CPR training manikin from Prestan

Products, USA. Weighing 6 lb and measuring 24 x 14 x 7 inches, this upgraded Series 2000 model features an advanced Rate/Depth Monitor with Bluetooth App capabilities — taking CPR training feedback to the next level compared to the standard Professional Child Manikin.

The package includes the child manikin, a Rate/Depth Monitor with Bluetooth connectivity, a Breath Sensor, Color ID Labels, 10 child face-shield/ventilation lung-bags, a carry bag, and instructions. The companion PRESTAN CPR Feedback App connects via Bluetooth to deliver real-time compression rate and depth data directly to a smartphone or tablet, enabling detailed individual and group performance monitoring. The app supports an impressive 29 languages including English (US & International), German, Spanish, French, Italian, Dutch, Russian, Korean, Arabic, Malay, Thai, Vietnamese, Chinese, and many more — making it a truly global training tool. A three-year warranty is included with all Prestan Professional manikins.

Q1. What is the Professional Child Series 2000 Manikin used for? It is used for pediatric BLS and CPR training, offering advanced real-time compression rate and depth feedback via a built-in monitor and Bluetooth-connected app, making it ideal for both individual and group CPR training sessions.

Q2. What is new in the Series 2000 compared to the standard Professional Child Manikin? The Series 2000 upgrades to a Rate/Depth Monitor with Bluetooth App capabilities and a Breath Sensor, providing more detailed and tech-enabled CPR performance feedback compared to the standard LED Rate Monitor and Depth Clicker of the previous model.

Q3. How does the Bluetooth app work? The PRESTAN CPR Feedback App connects wirelessly via Bluetooth to the Rate/Depth Monitor on the manikin, displaying real-time CPR compression rate, depth, and ventilation data on a smartphone or tablet for both trainees and instructors.

Q4. How many languages does the CPR Feedback App support? The app supports 29 languages including English (US & International), German, Spanish, French, Italian, Dutch, Russian, Korean, Arabic, Malay, Thai, Vietnamese, Chinese, and many more — making it suitable for diverse, international training environments.

Q5. What is included in the package? The package includes the Professional Child Series 2000 Manikin, a Rate/Depth Monitor with Bluetooth App capabilities, a Breath Sensor, Color ID Labels, 10 child face-shield/ventilation lung-bags, a carry bag, and instructions.

Q6. What warranty does Prestan offer? Prestan offers a three-year limited warranty against defects in workmanship or materials under normal use for all Professional Series manikins.

Q7. Is this manikin available in other skin tones? Yes, the Professional Child Series 2000 Manikin is available in multiple skin tones. This listing is for the medium skin version. Check with SEM Trainers for other available skin tone options.

Q8. Who is this manikin ideal for? It is ideal for medical colleges, BLS certification training centers, nursing institutes, pediatric departments, and any simulation lab looking for a next-generation, app-enabled pediatric CPR training manikin.

Q9. Where can I purchase this in India? You can enquire and order through SEM Trainers at **+91-88495 63724** or **+91-98791 03905**, or visit semtrainers.com.
